

Jennifer Borda, M.Ed., BCBA

I'm a Board Certified Behavior Analyst (BCBA) with a background in psychology and education. I got my bachelor's degree in psychology from Florida Atlantic University and later completed a Master's in Education with a focus on Applied Behavior Analysis. Since 2009, I've been working with teens and young adults in the Special Needs community, starting as a case manager. In 2011, I joined the Palm Beach County School District as a teaching assistant for high school students with Autism and then moved up to lead my own classroom the following year. I've held various roles over the years, including RBT, Teacher, Lead Teacher, Education Coordinator, Assistant Principal, and Director. I am blessed to have a career I love, I can't imagine doing anything else. I am honored to have the opportunity to work with my clients using my experience to help them reach their goals.
