STRAWBERRY KISS ENZYME TREATMENT

Fall in love with radiant skin. This Valentine's-themed enzyme treatment features a luxurious Strawberry Enzyme rich in niacin to boost oxygenation while calming inflammation and supporting skin clarity. Infused with 5% lactic acid and hibiscus flower, it gently exfoliates as a mild AHA alternative—revealing smoother texture, brighter tone, and a healthy, love-struck glow.

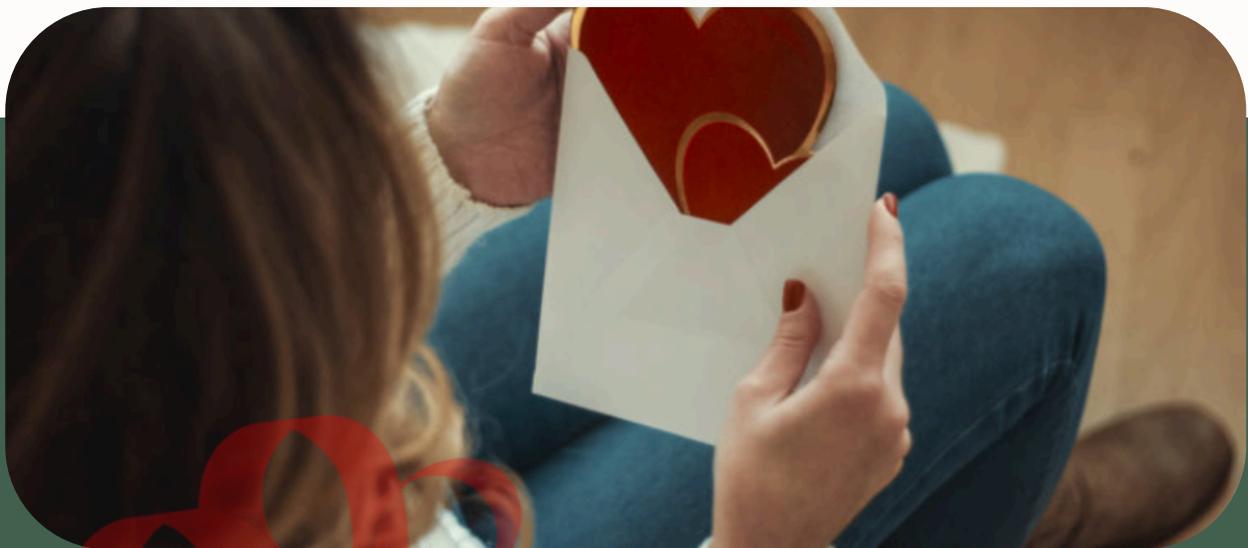

- This treatment is perfectly paired with your choice of dermaplaning or microdermabrasion to further refine texture, enhance product penetration, and leave your skin irresistibly smooth, polished, and luminous. \$80.00

FEBRUARY = GALENTINE'S AT THE SPA

This February, we're celebrating GAleNTine's—because self-care is better when it's shared.

Throughout the month, every client will receive a handmade card to pass along to a favorite gal pal, just because.

Inside each card is a \$10 off coupon for your friend—and when she uses it, you'll receive a \$10 credit added to your account as our thank-you. It's our way of spreading a little love, glow, and gratitude all month long.

Because great skin—and great friendships—are always worth celebrating.
