## VISION:

To add and retain one Crore satisfied customer in our client list. Yes, we do not measure success in achieving huge turnovers but adding clients and retaining them forever by providing world class services.

## POLICIES:

- \* Timely project completion by maintaining quality and safety standards
- \* 24x7 technical Support
- \* Providing healthy working environment to our employees

# ABOUT THE OWNER

DVAC SOLUTIONS is founded by Deepak Kumar who has served HVAC industry for almost 23 years. In his span of 23 years, he served 2 organizations (approx. 10 years each) and has worked at each and every post to understand the product, project and system requirement. This is the reason, he understands his project and clients better than his other competitors. He is very much attached to his each project either small or big and is involved in it from start to end (in fact beyond end). He believes is having repeat business by providing quality services rather than one time opportunity.
