"Ilana is a terrific person to work with. She is the ultimate "go to" person. Ilana supported a large project we worked on at IHG. She is the primary point person and responsible for managing communications and logistics for the entire project team. Whenever I need something done, done right and done fast, I turn to Ilana. In addition, Ilana is a very considerate and caring person. During the course of our work together, she spearheaded an event for a non-profit organization, StandUp for Kids, that is working to end the cycle of youth homelessness. Ilana personally coordinated the event with the SUFK staff, managed participation of the IHG team and secured donations of boxes and boxes of clothing and supplies for these kids. If you have something that needs to be done or a project that needs to be managed, Ilana delivers."
