Spring has sprung and summer is just a short time away. Already, the pool has been opened and the Park is in full use. Remember that pool users must purchase pool tags that are to be worn when using the pool. There are guidelines of conduct to be followed when using the pool and your cooperation will be expected. For our neighbors using the Park, please observe the rules posted there. In particular, no pets and no alcoholic beverages. This is our Park for our members enjoyment.

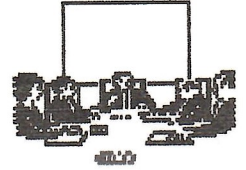

There are two petitions circulating in our community. One petition will be directed toward our County Commissioners asking that they enforce the "junk car ordinance". The second is a petition to be presented to the County asking for some controls on loose, free roaming dogs and cats. It is a sad day when people can't walk, jog or bike on our streets without carrying a device to ward off harassment by someone's loose animal. It also is unwarranted for packs of dogs to be roaming loose. If you would like to support either or both petitions, feel free to contact any Board member or stop by the office and sign up.

Our community is really looking great. So many people are taking pride in ownership. New homes arriving or being built, remodeling going on, yards showing TLC, and awards being given to homeowners.

Your Board has been working on rewriting our bylaws so that they will be more comprehensive and will be more specific as to how the Board will function so that standards are met and maintained. We will be meeting with the citizens advisory committee a few more times to complete this project before submitting this document to all of our residents for a vote.

Keep an eye on the bulletin board at the clubhouse parking lot. We are going to begin utilizing it for posting Board minutes, community events, services, articles for sale, etc. That way everyone has access to current information. A well informed community is a strong community. Some good news is that Crime Watch is being reborn. We need community participation so come out! For you families with children, we need parents participation on the recreation committee. Your Board members cannot and will not shoulder all of this responsibility. We need your participation. Please call Dianne Scott and get on board and help out your community.

Board Highlights

The SHPOA Board of Governors has regularly scheduled meetings at the clubhouse on the second Saturday of each month. Owners and renters of Snug Harbor properties are encouraged to attend. Some of the business conducted at recent meetings are summarized.

March meeting: Lots N41/42 on Clark St. have been deeded to the Association. Each is appraised at \$3,100. Any person interested in making a purchase offer is encouraged to do so. Design for the new clubhouse sign was approved. Almost \$4,000 for tennis court repairs has been raised through dances and line dance classes. The Board will add about \$800 in order that partial repairs to the courts may be made to prevent further deterioration. A request for a variance on lot F19 was approved.

April meeting: New tables for the clubhouse have been obtained using funds contributed by the Civic League. Collection agency will be employed to locate and collect assessments from 14 owners whose current addresses are unknown to both SHPOA and County Tax Office. The Association will apply for membership in the Community Associations Institute which is a group of many associations such as ours whose function is to pursue common objectives including legislative action. Mr. Miller (Gene) Bouch tendered his resignation due to family health problems. His excellent service to the community will be missed and his resignation was regretfully accepted. The recently drafted revised bylaws together with complete documentation will be reviewed by a Raleigh attorney with extensive experience in community associations legal matters. Two requests for special assessments were received. Following discussion of vacancies on the Board, John McQuillin was appointed to fill an unexpired term expiring December 1996. Sharon Eason and John McQuillin were appointed to be assistant secretary and secretary, respectfully.

Damaged Furniture

Recently two of the "new" tables in the clubhouse have been made unusable by the careless acts of some individuals on two different occasions. They have obviously been overloaded as evidenced by the collapsed and bent leg supports. It would appear that persons have either been sitting on or climbing on the tables. There are seats furnished for sitting - PLEASE help us and cooperate in avoiding unnecessary expenses.
