

Community Project Participation Policy

We are delighted to receive requests for help with community projects. Engaging with the community is a core value of our organization, and we appreciate every opportunity to collaborate and contribute to local initiatives.

Donation Request Review Process

Due to the numerous requests we receive, we have implemented a quarterly review process. This allows our staff to thoroughly evaluate each request in terms of our current budget and seasonal commitments. By reviewing requests quarterly, we aim to fairly assess our capacity to support projects while maintaining our commitment to financial sustainability.

Criteria for Participation

Our decision to participate in community projects is primarily based on two factors:

- **Budget Availability:** We must ensure that our contributions align with our financial plans and commitments. This careful budgeting enables us to continue supporting community projects sustainably over the long term.
- **Seasonal Availability:** Certain times of the year may affect our ability to contribute resources or staff time. We strive to balance our involvement with various projects throughout the year to maximize our positive impact.

We sincerely thank you for considering us as a partner in your community endeavors. Your invitation to collaborate is highly valued, and we look forward to the possibility of working together to make a meaningful difference.

If you have any questions or require further information, please do not hesitate to reach out to our team. We are here to assist and support you as best as we can.
