# DESIGNING YOUR FUTURE

## Description

Did you know that for every 250 people who apply for a corporate job only 5 get selected? Did you know that for one government vacancy there are close to 32000 people applying for the post?

India's unemployment rate stood at 6.1% in FY18 {Ref}. What does this number mean for you? Well it means that 83,615,118 people are currently unemployed and the condition does not seem to be improving. So how do you set yourself apart? How do you prepare to become one of the exceptional few who gets that job?

We at EDvantage help you get the EDge, we guide and prepare you for the mammoth challenge of getting through an interview. We help you stand out from the crowd and get noticed, with EDvantage your dreams are now a possibility.

# What you will learn

- You will be able to create an effective resume/CV which is an essential first step to start the process of applying for your ideal job. You will know exactly what changes you need to make to your resume depending on the job description/profile.
- This program will also give you a view of how the various job portals work and how you need to update your skills and details to increase your probability of getting that vital interview call.
- You will understand the different interviewing methods and the etiquette for each type of interview. We will also walk you through the various steps and processes of how an interview is conducted.
- You will be taught how to brand yourself to make an immediate impact on the interviewer. We will equip you with tools of the trade that will give you the EDge which will set you apart from the other interviewees.
- Apart from the above you will also gain some practical knowledge by appearing for mock interview sessions conducted by our experienced faculty having real industry insight and knowledge.
- You will be provided continuous support where you can discuss doubts or question related to the interview process.

## Requirements

- You will need to get your laptops for the sessions.
- You need to have a minimum qualification of class 12 pass
- Basic knowledge of computer and usage
