This will be a new show choir uniting our Soundwave members (some Vocal Velocity) and students with varying ability levels and special needs who love to sing and dance! This endeavor is something exciting that will evolve over time. We will learn a show of 3 - 4 songs that we will take to El Paso, IL & Chatham, IL competitions to perform as exhibition. No additional fee for students already enrolled in Soundwave, but we do require that Soundwave members that commit to this attend rehearsals regularly.
