

“Altoids” Tin Survival Kit Assignment

Name _____ Period _____

Using a 2 ¼” x 3 ¾” “Altoids” tin (or something similar) construct a survival kit with as many useful items in it as possible. You should be able to fit 20-25 different supply items inside and close the lid and stay closed. Make sure you have something from category below, in the container. An item can be used for different reasons, but it still only counts as one item. List them below and how they can be used. **WARNING** – No matches (unless the heads are cut off) or knives/blades. All other items must be present and not replaced with paper signs.

Grading Scale (number of different useful items): A: 21-25, B: 18-20, C: 15-17, D: 12-14, F: 11 or less
