Car Of The **MONTH**

1969 Buick Gran Sport Conv
Owner Dave and Elaine Watts

For the past few years Elaine and I were wanting to get another convertible. This time, however, I was insistent that it have a manual transmission, remembering the fun of shifting when driving my first 3 cars, an MG, VW and a Mustang II, all were 4 cylinder cars. After a trip to Barrett-Jackson in January of 2020 and being out-bid on a '70 Pontiac GTO and a '70 442, we came home and started looking on the internet and came across Gateway Classics and found a 1969 Buick Gran Sport 4 speed convertible for sale out in Indianapolis. We believe it is one of 18 Gran Sport convertibles made that year with 26,700 miles and original interior. We have been enjoying the car immensely since we brought it home. We did attend Barrett-Jackson again this year and are quite confident that the way the cars are selling, the Gran Sport would bring \$30-\$40,000 more than we paid for it 2 years ago. Thank you to the Pantowners for voting it to be a 2022 calendar car. Dave and Elaine Watts

President's Report

Hi Everyone, It is hard to believe we are entering the final month of summer. Where did the time go! Of course, this is a big month for our club with the show on the 21st and Dennis is working on cleaning up all of the last-minute details. Let's all pray for good weather and a great turn-out! The big news for the club is the officer changes we had in July. On July 12th we conducted a special board meeting where Roger Holt submitted his letter of resignation as our Vice President, stating he did not feel comfortable continuing in the position, and also Tina Holt submitted her letter of resignation as our club Secretary, stating she had a desire to assume the role of club Vice President. The board accepted both letters of resignation and accepted Tina as the replacement Vice President. Lilly Prince was also in attendance at the special board meeting and expressed a desire to assume the club Secretary position that was vacated by Tina. The Board also accepted Lilly as our new club Secretary. On behalf of the club, I thank Roger for serving as our club V.P., his service there was appreciated and encourage Roger to stay an active club member. I thank Tina for stepping into the V. P. position, and I know she will do well continuing to serve our club for the next 2 ½ years. And of course, I thank Lilly for volunteering to take over as our club Secretary. Please welcome Tina and Lilly in their new positions and give them your support!

The next bit of news is Bob Salmonson and myself have met with Joe Miers, our club accountant, about our club's financial accounts and we have consolidated them into 2 bank accounts - checking and savings in order to stream line our financial record keeping. Also, Bob & I have been in contact with Joe Tetrault with Edward Jones about our club investments and we are looking into possibly transferring them from RBC to Edward Jones to give us more flexibility with our club funds. I will up-date you as we continue to look into this. Betty Schmitt continues to develop our new website and has added some data on our club history, thanks to input from Don Weiber. Betty has asked that members submit pictures of our cars along with the year make & model of the car and the owners names. We will add them to the sites gallery to show others what type of cars we own and the broad range of vehicles that are part of our club. Please look for more information on how to submit your car else ware in the Siftings.

Again, I encourage all of you to go and take a look at it our new web site! For the Pan Car/Club awareness this month, we have a scheduled appearance at the Kimball Days Historical Exhibit on Friday August 12th from 5 - 8 P.M. and of course at our car show on the 21st. I will keep you all up-dated on the Pan events in the Siftings. Please remember we need help from other club members to work with the Pan at these events, since the car is the club's and these are club events, not just Pan committee events, so your help with this is appreciated.

I look forward to seeing you at our general meeting on August 11th at the Benton County Fairgrounds and/or at our show on the 21st. **Enjoy the vehicles God has blessed us with and have fun in our hobby!**

Bob Halliday Your Club President

Vice Presidents Report

Hello Everyone, as most of you know by now, Roger has resigned from being the Vice President of the club. I am deeply sorry that he has come to this decision because of the fact that he feels that he was pushed into something that he did not feel comfortable doing. I never want anyone to feel that they are being forced to do something with which they are not comfortable. Therefore, I have decided to take over the remaining 2 ½ years and do the absolute best that I can to full fill this position. There was a special board meeting held on July 12th, 2022, at Tim Carlson's shop to ask the board to accept me as the new Vice President for the remainder of the term of 3 years. The board did accept me, and I was appointed as the new Vice President. With that being said I had to resign as the Secretary of the club and Lily Prince was accepted as the new Secretary. I would like to say thank you to Lily and the board for allowing this transaction to go smoothly. I am honored and will do the absolute best I can to uphold this position to the best of my ability.

Your New Vice President Tina Holt

Car Show Chairman Report

Hello Everyone, Well August is here (already) and that means our annual Car Show is almost upon us. This is crunch time to get everything for the show. I have the goodie bag "assembly" meeting set for Tuesday August 9th starting at 7 pm at Tim Carlson's. Once again Thank You Tim for hosting another club meeting!! It is always appreciated. I have car show worker shirts on order. Thanks to Lenny at Crossroads Automotive for their help in sponsoring this latest order of shirts. Their donation will cover most of the cost of these shirts. I still have a lot of Car Show t-shirts and sweatshirts for sale. You can call me for your order or buy them at the August General Meeting. Whatever is left will be set out for sale at the show, so get yours before they sell out. See earlier Siftings for pricing. Mary Jo (who does a great job cleaning our restrooms during the show) had surgery recently and is unable to cart her stuff around and is asking if we have a golf cart she can use. So if I am asking if any club member has one she can use for the show please let me know. This would be a great help. We don't want to lose her. I am now working to get radio interviews set up for our show. One thing in the works is to be the guest DJ at WXYG radio that would happen on Saturday from noon to 2 pm. Not sure if this will happen August 13th or 20th. I should know more details by our August General meeting. This may be to late of a notice, but the Benton County Fair is asking for about five to twelve cars to be on displayed in the Ice Arena during the fair from Monday through Sunday. Cars will be roped off like last year and remain secured and watched over by security. We had five cars last year if I remember correctly, and it was a good way to advertise our show. We are working with Nancy Zupan on this. As many of you know Roger Holt resigned his position as Vice President and his wife Tina offered to take over the position. According to the by-laws of our club, the Board of Directors is to appoint a replacement to finish out the term. The Board unanimously voted to appoint Tina in the position. The same process was used to appoint Lily Prince to finish out the term of the secretary position. Thanks to Roger for his time on the board and to Tina and Lily for their help as well. I am still looking for someone to cover the chair person duties for admissions. at the show. In the meantime I will continue to call admissions workers from last year to fill time slots and hopefully someone will lead the team. There are a few other chair people looking for help. Please consider these duties since we will need to do so by the August General meeting. I am hoping the make the Valve Cover Races a success, so if members can build some, that would be appreciated. The rules for the racers are posted on our website, please get the word out to your friends and family. I am sitting in Denali National Park in Alaska as I write this, so I probably am missing something here. We always put on a great car show, and I hope this year will ne no different. Let's pray for good weather!! **Thanksand Remember To Enjoy The Ride !!!**

JEFFERSON HIGHWAY. by Bruce Theisen

How many of you know that this is the 100th Anniversary of the Jefferson Highway? Not many I bet! The Jefferson Highway was the idea of an Iowa guy back in the 19teens. He wanted to help farmers get goods to market and proposed a Highway from New Orleans Winnipeg. It became known as the Jefferson Highway because a company named Jefferson started running busses up and down the highway. It came thru Iowa to Minnesota, up past the Capital, to St. Cloud, across the 10th St. Bridge, down 5th Ave. I believe, down Wilson to Sauk Rapids and to Sartell. It crossed over the tracks north of the Paper Mill and took the back roads to Little Falls.

This later became Highway 10. 4 sections remain marked in Minnesota. By the Capital in St. Paul, University Ave. in Minneapolis, Wadena and Staples. With the help of Pamela and Jasper Bond we are trying to get road signs put up to commemorate the 100 years. In 1922 they had a huge state - wide celebration in Little Falls. Like Route 66 most of it got lost to development. Sauk Rapids is on board so far and maybe we can get St. Cloud and Sartell too. Pamela would like to have an old car tour and maybe a picnic sometime in August. Other clubs have shown some interest in joining the parade. We probably won't be around for the 200th Anniversary, so let's enjoy this one. If you have any ideas or interest - just let us know. Thanks. Bruce

VIDEO OPPORTUNITY FOR 20'S VINTAGE CARS THIIIS FALL

Hi my name is Ben Schirmers from Sauk Centre. I am a dairy farmer and also play in a band. I am working on a music video idea for one of my original songs. The idea involves filming in the attic or dome area of the Stearns County Courthouse. I already have gotten to tour and have received permission to film up in the dome and am planning a 1920s style time travel type video. The idea has the blessing of the Stearns History Museum as well because it will highlight the recent 100th anniversary of the courthouse. For the outdoor 20's scene I would like to park a couple antique cars around the courthouse essentially as props. I have approval from the brothers that own the Stearns County Abstract and Title to use their parking lot to film from and use as a staging area to potentially unload the antique vehicle/s. I plan to attempt this shot on a Sunday morning as I would think that is when traffic and activity around the courthouse building would be at it least. Please let me know if there are any members of the Pan Town Auto group who would be willing to bring their autos for this? I suspect it wouldn't take much longer than a half hour of time doing the filming. PS I will be bringing a 1929 Ford model A truck myself but to have more vehicles parked around the courthouse will help achieve the look. Let me know Thanks! Ben 320-224-8316
