To Preserve The History Of The Pan Automobile; To Introduce And Educate Current And Future Generations About The Collector Car Hobby; To Promote Fun And Fellowship Amongst Its Members And To Invest Time, Talent, And Capital Into Future Club Projects And Functions.

### Car Of The **MONTH**

1966 Plymouth Valiant Signet Convertible  
Owner Tyler Halliday

The month of February brings my 1966 Plymouth Valiant Signet Convertible. A little history on the Valiant convertible. It debuted as an addition to Valiant line up in 1963 as part of the updated restyling compared to the previous 1960-1962 models. The Valiant Convertible would stay in production for 1964, 1965 and end by 1966. A short production run, my 1966 Valiant Signet Convertible is one of just 2,507 convertibles produced in its final year of 1966. It is also a factory V8 car which is an upgrade to the commonly seen slant six engine. As you can see its a work in progress, with aspirations to get it back to a showroom condition. Until then I enjoy getting it out as is to local car shows and cruises with friends and family. As a newer member, I would like to say thanks to all that voted my 1966 Valiant Signet Convertible into this years calendar!

- Tyler Halliday

## President's Report

Hello Everyone, As I write this winter is definitely here. We just had a stretch of below zero weather, and 3 afternoon/nights of snow now being followed by more below zero weather. The plus side is the days seem to go by fast and before you know it we will have spring. I would like to again thank our new board members for stepping forward to fill these positions: Vice President: Roger Holt, Secretary: Tina Holt, Treasurer: Bob Salmonson, Sergeant At Arms: Tom Hall and Directors: Dan Arntson & Kevin Sanders. After 3 years of service as a Director on an extended Covid term, Larry Engele has decided to retire from our board due to some health issues. On behalf of our club, I would like to thank Larry for his work as a director including organizing our 2019 fall tour to the Lindbergh House & Museum in Little Falls. We appreciate your work on the tour and your service on our board. That said, we needed a replacement for Larry and at our January board meeting the board appointed Tim Carlson as a Director to finish Larry's term this year. Again, on behalf of our club, I would like to express our gratitude to Tim for accepting this position. With it being a new year, our membership dues need to be paid. In her new role as our secretary, Tina will be calling all members who have not paid for 2022. This will be in place of the post cards that were previously sent as a reminder. This reminder method is a little more personal and is giving Tina a chance to talk to members and get to know them. The other item we are addressing as we begin this year, is our club website up-date. We have formed a special committee to address the website, and if you have an interest in being part of it, please contact me. I will be reporting the progress of the committee as we move forward with our up-date. Please continue to do what you feel is necessary to stay safe with our area being one of the state's highest for new Covid' cases. **Pray for God's protection of our families and friends.**

**Bob Halliday Your Club President**

## Vice Presidents Report

**Hi Everyone.** Here we are starting a new year and I hope everyone is still doing their best to stay safe during a pandemic. I would like to say thank you for putting your trust in me as your Vice President. I am honored to accept this position and will do my absolute best to live up to your standards. I am looking forward to letting you know about any upcoming car shows and any cruises that are scheduled for this coming year. I have enjoyed coming to our club meetings and car shows, and I know that I will have just as much fun in this position as well. Please continue to stay safe and let's have an awesome year. **I wish all of you a happy and healthy new year.**

**Roger Holt Vice President**

### **50 YEARS AGO By Bruce Theisen**

Yup - there was a 50 years ago. What were club members doing at that time - you wonder? Probably staring out the window and screaming "Summer is the coming. It will get warm and I can get my car out! Yah!" Back in the olden days we didn't have a February meeting. We were all studying global warming and how to get 73 miles to a gallon - heck with horsepower,

darn - it, thought I was done with the 2021 Car Show. For all chairman that haven't turned in workers list to me or the banquet organizers please do so soon. Otherwise those not on list will have to pay \$100. Cash to get in to eat and have fun. So do it VERY SOON.

Wit that, I get to add a chuckle of the month. This will be part of the "Ed SED" famous sayings my twin brother columnist Steve Wendt writes for another auto magazines. I got this right from Ed Bauer so I must be more important. Anyway . . .

Brad lives in California. . . He was sick of the world., of Covid - 19. Trump, Russian belligerence. China, global warming, racial tensions and the rest of the disturbing stories that occupy media headlines. Brad drove his car into his garage and then sealed every doorway and window as best as he could. He got back into his car and wound down all the windows, selected his favorite radio station, started the car.

Two days later, a worried neighbor peered though his garage window and saw him in the car. She notified me emergency services and they broke in, pulling Brad from the car.

A little sip of water and, surprisingly, he was in perfect condition, but his Tesla had a dead battery. Brad is a registered California Democrat.

Don't ya just hope it isn't true. But it did come from Ed - and he always ends with - and that's a true story.

Enjoy life. Dream of your cars and if you get bored - make sure your air conditioner works.

One last note - I got voted out of office last month so now I have No official title. Yess!

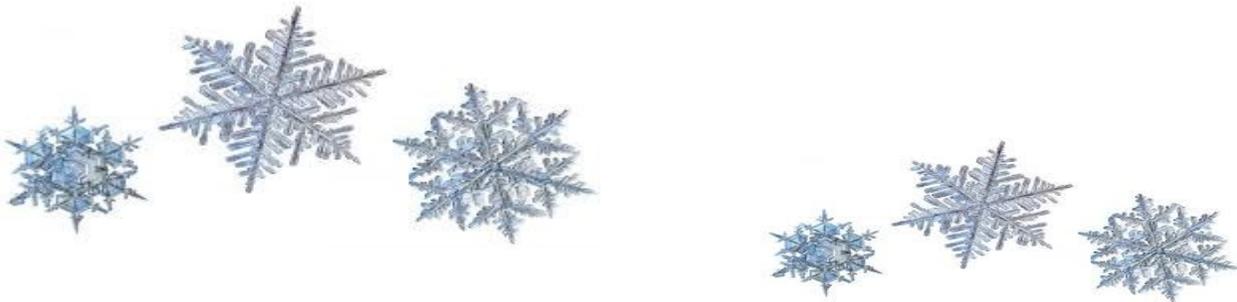

Bruce Theisen

## Car Show Chairman Report

**Hello Everyone,** Hello 2022! I got to believe this will be the year where everything will be back to "normal". I, for one, am happy that I am over COVID and feeling fine. There was a day where I couldn't smell anything and I could hardly taste anything (this would have been a great way to lose weight since there was no pleasure in eating!). ++ Moving ahead, I am looking forward to planning our annual Car Show and Swap Meet. By the time you read this, our first car show chairpersons' meeting will be over. The first meeting will be (or was on) Monday January 31st at 7:00PM at The Moose. I am still in the process of calling all chair people for this meeting (so I have to stay close to the phone in the next day or so). If there are members, not designated as a chairperson, and would like to attend the meetings, you are welcome to come. Just get a hold of a chairperson for information. ++ I need to work out the details yet, but one item I would like to add to the show is valve cover races. My thought would be to have three classes (one for young kids, one for teens and a third for adults). Last summer I was at the Rock City Rod's valve cover race and it was a blast. I think this would be a great addition to our show for bringing kids in of all ages. May be hard to post the rules for this event in our flyer, so I think posting rules on our website and in our newsletter may be the best way to get the rules out there. I think having two members run the races for maybe a three hour period would be all we need. ++ Always looking for ways to make our show a better event, and do appreciate the dedication of our members (and others) stepping up to help. Let's make 2022 a great show ! ++ On Tuesday February 15th , Bob and I will be attending the Benton County Fair Board's monthly meeting. We will discuss our intent for our 2022 Car Show, share with them the purpose of our club, etc. ++ I also have leftover can koozies from our 50th Birthday Party free for all members who didn't get one, and 50th Anniversary Window Stickers for sale at \$1 each. ++ Remember...If you have a project you are working on, recently finished, or intend to do, please write an article along with photos to Jim Zwilling. Would love to see your story. That's all I have for now. **Thanks and remember to.....enjoy the ride!**
