Car Of The **MONTH**

1956 Chevrolet Bel Air
Owned By Rick Holtberg

I purchased this car in the summer of 1973. I was going to college in Grand Forks, ND and living off-campus with my brother and his wife. I came home one day and our neighbor had a for sale sign on this car, so I purchased it the same day. The '56 was their regular everyday car and they purchased the new car in late 1956, so I became the second owner. When I purchased it, the '56 still had the Fingerhut plastic seat covers and everything was original. Other than the tires and normal maintenance items, the car is all original. It has a 265 ci Power Pack, four barrel carb, dual exhaust and automatic transmission.

The '56 had about 49,000 miles when I purchased it and I've put on about 17,000 miles since then, so it has traveled about 66,000 miles over the past 66 years of it's life. It's a good runner and we drive it weekly during the spring, summer and fall season. Lots of good family memories while out cruising over the years. Thank you for the opportunity to have a photo of the '56 in the Pantowner calendar. Rick Holtberg

Car Show Chairman Report

The 49th Annual Car Show is in the history books, and what a show it was! I would like to thank God for the perfect weather and all of you for your hard work, support and prayers, that made this year's show successful. We had some challenges but we solved them all.

As of now, I don't know any details about the show. I should have more information by the Sept. General Meeting. Again, I thank all of you that helped to make me "look good" but it was all of YOU that really made this year's show great!

*thank you =
