DESIGN EXPERIENCE

Dataprovider.com - Graphic Designer 2023 -

In my current role I oversee all areas of design within the company. Including Social media posts, video production, brochure and editorial design, photography and more.

Flikflooï 2020

Throughout 2020 I worked for a Leeuwarden based webshop. I created the logo and brand identity for them earlier in the year after being employed as a freelance Graphic Designer. Later in the year due to the Covid19 crisis, I took up work with them as a general administrative assistant.

Fokker Services - Marketing designer 2020

I worked freelance for Fokker Services, an aircraft service company based in Hoofddorp. For this company, I created content for their various social media channels. I created posts, galleries, gifts, videos and edited promotional photographs.

Fixico Visual designer - Marketing 2019 - 2020

I began working as an intern at tech start up Fixico back in August 2019, however, after working hard on rebranding the company and covering the regular design duties, I was asked to stay on in a permanent position.

UPSU Student - Graphic designer 2016 - 2018

I worked for two years in-house for the University of Plymouth Students Union designing screens and promotional material for events held by the Student Union.
