

HOPE FOR OUR SCHOOLS

Student safety, parent involvement, and a comprehensive curriculum are the pillars of a thriving educational ecosystem. When parents are active partners in learning, they light the path for student success and well-being. School boards have the power to shape minds by offering a curriculum that reflects the true diversity of America's history, teaching students not only where they come from but where they can go. Together, we create schools that are sanctuaries of opportunity, learning, and growth.

Saving America...
...Saving Schools

**YOUR VOTE COUNTS!
NOVEMBER 7TH, 2023
7:00 AM - 8:00 PM**

Strong families ignite the flame of excellence, transforming schools into powerhouses of learning, innovation, and boundless potential.

OUR GOALS

Pete Olsen

District 3

*Committee:
Olson for PV School Board*

Danny Amaya

District 4

*Committee:
Danny Amaya for PV School Board*

STUDENT SAFETY
We will place the highest priority on student safety, implementing a security program that will not only guard against external dangers but also foster a respectful and secure environment within our schools.

PROMOTING TRANSPARENCY & FOSTERING PARENTAL ENGAGEMENT
We will prioritize transparent and open communication with parents, ensuring they will have full access to all information affecting their children. We will actively seek and value the input from both parents and taxpayers as critical to our future decision-making processes.

FISCAL RESPONSIBILITY & ACCOUNTABILITY
We will be dedicated to managing our resources wisely and maintaining financial integrity. This approach will allow us to meet the district's future needs and tackle challenges without the need to raise taxes.

ACADEMIC EXCELLENCE
We will focus on delivering a strong academic curriculum that will go beyond mere knowledge. We aim to equip our students with the wisdom, creativity, and resilience they will need to succeed in a rapidly evolving world.
