CIVIL ACTION NO.

Thomas A. Bedell,
Circuit Judge

ORDER APPROVING MEDICAL MONITORING MODIFICATIONS

Presently before the Court is the April 23, 2015 Report of the Claims Administrator of the Perrine DuPont Settlement (the "Settlement"); Edgar C. Gentle, III, which describes a revised approach to the Medical Monitoring Program (the "Program"), which will save the Settlement a significant sum of money and better tailor the outreach portion of the Program to claimant response levels. The Report includes a revised Agreement with CTIA for the provision of Program services at a reduced rate, a revised Program outreach plan, and a revised budget, reducing CTIA's budget for the next two years from \$512,000.00 to \$267,500.00.

This savings was accomplished by redefining "active claimants" in the CTIA Agreement so as only to include those 2,238 claimants who participated in Rounds 1 or 2 of the Program (as well as those claimants who ask to become active in the future) and changing the three strikes and you are out rule to contact active claimants in connection with a testing round to a two strike rule.

The Court has reviewed the Report and associated documents, and has heard no objection from the Finance Committee.

The Court finds that the modifications to the Program suggested in the Report are reasonable and in the interests of justice.

Accordingly, the Court hereby **ORDERS** that the Claims Administrator's proposed modifications to the Program be **APPROVED**, that the CTIA contract be **APPROVED**, that the new outreach program be **APPROVED**, and that the new budget be **APPROVED**.

To the extent this Order contradicts prior Orders regarding the Program, they are hereby overruled.

IT IS SO ORDERED.
