Rescuing and discipling the generations for Christ in Central Africa.

The Secret To Africa's Future

- In Africa young people are hugely undervalued.
 However, they are the secret to Africa's future, the energy and the source to change their nation for Jesus. This will be a huge focus of our work.
- We plant churches to train and release teams of young people into their purpose in the same way that Jesus equipped His young team to change the world.

We Are Passionate

We are passionate about developing Generation Churches in Central Africa where young people will be empowered, valued, trained and equipped to impact and change their communities for Jesus.
