Consent to Treat

I, _____, give Kelly Born and QPT Therapists permission to evaluate me for a physical therapy condition and provide treatment which will include manual therapy, therapeutic exercise, movement, re-education, patient education, and/or other modalities deemed necessary by the therapist. I understand that what treatment I'm provided is with the professional discretion of my Physical Therapist. I agree to verbally share with my therapist if I need further explanation of the treatment or if I am unable to fully participate with assignments given by my Physical Therapist. I understand that to fully benefit from the treatment provided I will have to participate on my own behalf outside of my treatment sessions. This might include home exercises, posture modification, self-myofascial treatment, or anything else my therapist suggests for me to do to progress my healing process.

In order for my therapist to most effectively treat me with manual therapy, I may be asked to remove some clothing or wear little clothing during treatment. I understand that if I am uncomfortable with this, I will share my concerns with my therapist and she will accommodate my request.
