The top classroom(s) each week will be awarded with a plaque and other prizes depending upon our donations. This could include a pizza party, gift card for classroom supplies, electronic devices, and more. Based on the number and types of contributions we receive will determine the number of winning classrooms and types of prizes.

That is where your organization can assist. We are seeking prizes to award the top performing classrooms in the form of gift certificates, physical prizes, or monetary donations. If you cannot assist us in this way, we hope you will share our contest flyer with local schools to help spread the word of our challenge. The more the event is shared the broader audience of youth we can reach so please share the word! All sponsors will be included on our website and social media pages promoting the event and our top sponsors will appear on the flyer that is distributed to all of the schools in the area.
