03:46 Ginger B.: Gotta go Miriam left again.

04:09 Moon L.: That that was what I've used, what, whatever, I use the link from Facebook.

04:16 Moon L.: so,

04:17 Ginger B.: Cristiano.

04:18 Lynn B.: We can't hear you, Chris. Yep. So, you

04:22 Ginger B.: Marie. Unless

04:24 Moon L.: Just so Miriam's trying to log in, with Moon Lake, and I'm on Moon Lake, so I can use Dick and she's kicking

04:27 Ginger B.: Yep.

04:29 Moon L.: me out.

04:30 Ginger B.: Yep.

04:30 Moon L.: Each time. but yeah, Tactiq ♥ needs to

04:33 Lynn B.: I actually figured that's what was happening. So I think she's going to sign on with her now.

04:46 Moon L.: Do you have the agenda? Do you want me to bring it up or Carolyn or

04:51 Lynn B.: I can totally.

04:53 Moon L.: I have it if you want.

04:54 Lynn B.: Bring it up.

04:55 Moon L.: Okay, you got it.

05:06 Carolyn M.: Andrew, he's oh, they competing with you to be, for the top photographer, Moon Lake. What's up with that?

05:11 Ginger B.: Oh yeah.

05:13 Moon L.: He's got nice photos, too. He does it's gonna be a good 2026 calendar.

05:19 Cheryl J.: We start.

05:21 Carolyn M.: And so I gotta step my game up. Okay, I'll load up my photos then. Next time, you're gonna get triple to my

05:30 Moon L.: It's so great.

05:30 Carolyn M.: Life. That's too much. It's too late.

05:31 Ginger B.: No, no.

05:34 Carolyn M.: Okay, you know, they say the more the merrier, right? They're trying to but

05:38 Ginger B.: like,

05:41 Moon L.: Just so pick.

05:42 Carolyn M.: it was right now for at least like to like 2028, That is our birthday card.

05:53 Cheryl J.: Well, if you're not gonna talk, maybe

05:53 Carolyn M.: No, those are burning up. We are in a

05:54 Lynn B.: Okay.

05:55 Carolyn M.: meeting, so you

06:01 Ginger B.: Miriam hasn't happened on you.

06:04 Moon L.: No.

06:11 Lynn B.: We do have someone Frank from the Frank household though, so that's good.

06:15 Ginger B.: Yep. Chuck is that probably Chuck Frank, right?

06:20 Lynn B.: I don't know, I can't see his face.

06:22 Ginger B.: I know it's dark.

06:29 Lynn B.: With Miriam another minute to see if she can log on.

06:51 Cheryl J.: I should. Call me. I sleep, no coffee.

07:08 Lynn B.: Tennis, I can hear you whispering. I can't hear what you're saying, but

07:16 Ginger B.: there's,

07:16 Lynn B.: I can hear your whispering. Is Miriam.

07:23 Ginger B.: Yay. We have Miriam.

07:26 Lynn B.: It doesn't like us signing on is more than one Moon Lake?

07:31 Miriam : Yeah. Sorry Chris. That was my bad.

07:33 Moon L.: Okay, it was kind of fun.

07:35 Miriam : All right, we can rock and roll.

07:37 Lynn B.: I have to say that's the first time that's happened because I think Mom and Chris were logged on as a moon lake last time.

07:43 Moon L.: And it was fine. So I don't know why

07:45 Lynn B.: Yeah, so I don't know. Maybe it's a

07:45 Moon L.: not.

07:48 Lynn B.: new thing.

07:48 Ginger B.: well, I went to Our Google email and and just join

07:50 Lynn B.: You want?

07:52 Ginger B.: the Google.

07:54 Lynn B.: Yeah, under your own G under your own Gmail. That's why came up right.

07:58 Ginger B.: Oh yeah. Yeah.

08:00 Miriam : Yeah, I

08:00 Lynn B.: Alright, so I think we can start the meeting now. Go ahead Miriam. If you want to say

08:02 Moon L.: Yes.

08:03 Lynn B.: something first. Okay.

08:04 Miriam : Nope, I was gonna say we can start

08:08 Ginger B.: All right, I see I'm up first. And so Treasures report is that with the matching funds from Verizon that came in October, I got him in the bank before I headed to Florida and I we have it. Now I have a total of 5,226 dollars and 80 cents. It's our new bank balance.

08:27 Lynn B.: Nice. Yay. Any questions, anyone? Okay, our old business is a calendar sales so we're off to a good start. I just clicked into our PayPal and we have three sold from PayPal and someone gave me cash over the weekend. so, I think I'm gonna wait until I get 10, but I, well, I actually probably can order them now, because we have 13 and we have to give away. For everybody that entered calendars.

09:08 Lynn B.: So everyone that had a picture picked, gets a free one. So, I can probably order our first ones but I didn't want to do it too soon if I can get a lot of people in the first order. So I might wait another week.

09:24 Miriam : Yeah, we should maybe we should put a

09:25 Lynn B.: Um, yeah.

09:27 Miriam : note back up on.

09:28 Moon L.: Send an email on that or was it just

09:29 Miriam : Facebook. and send out another, reminder email and give folks a deadline maybe of when You're gonna cut calendar sales off. Or you're not going to do that.

09:42 Lynn B.: We'll see here. I don't have to so our printer doesn't have any order minimum so I can print as many times as we need

09:50 Miriam : oh,

09:51 Lynn B.: to. So that's the cool thing. He's local, he delivers it to Joe's work so we don't get paid for delivery or shipping.

09:57 Miriam : Okay. Well.

09:58 Lynn B.: And then he doesn't have an order minimum. So I can order. One at a time. If I really wanted to, I just don't want to make him go through that.

10:05 Miriam : Yeah. Maybe what you say is order by

10:06 Lynn B.: I don't feel like that's fair.

10:08 Miriam : X date in order to get them for Christmas or something. So something

10:11 Ginger B.: Yeah, I think that's a good idea.

10:11 Lynn B.: Right.

10:14 Miriam : to get people that sense of urgency.

10:17 Lynn B.: If they want them before Christmas. Yeah. So we should probably do put

10:18 Cheryl J.: No, no.

10:19 Miriam : Yeah. Which I will order mine before

10:21 Lynn B.: your

10:21 Miriam : Christmas? You don't have to give me a free one. By the way, I'll order mine before Christmas.

10:26 Lynn B.: Okay.

10:27 Miriam : Okay.

10:27 Lynn B.: It's up to you. um, so if we want to put on there first calendar, orders gonna go in saying, The fifth of December so I can get them out in the mail. Whoever wants a mailed by the 10th of December to arrive before Christmas. Does that sound about right to everybody? For shipping. Credits apparently is doing it right now, so perfect. Okay, so let's do to Summerfest for cut off, for Christmas delivery for calendars.

11:03 Lynn B.: That's all I had on the calendar. So,

11:08 Moon L.: Facebook? I don't remember email.

11:10 Lynn B.: I did put an email and I put like a screenshot of it in the email so

people can see kind of how it looked.

11:22 Moon L.: I'll reset that out.

11:24 Lynn B.: Okay. Do you want to do the grant update?

11:29 Moon L.: I do so super exciting two parts to this. We did the actual grand application was submitted last weekend this weekend. Nobody really knows prior within the last two weeks they got it. Max who like heads the Community Foundation email me back. Looks good. So the two parts on this one. For the grant, it doesn't sound like it would be a quick turnaround here if you get the grant or not.

12:03 Moon L.: He asked What would what would the what would happen to the project? If we don't hear till later in 2025 which of course I told him it would push everything on 26.

12:13 Cheryl J.: Yes.

12:14 Moon L.: We're just based on the wording. I don't know if we're gonna get a really, really quick turnaround but it's in there. I can go through the details to anybody who's wants to it, right? And then the second part of it. So we have the actual grant application which is done and the letter inquiry for quarter one

12:30 Cheryl J.: Going on.

12:33 Moon L.: Gonna be starting until he said next week after the following two weeks. So we have the the grant I use the baseline of that grant to do the letter of inquiry, for the Q1 2025 funding. So we could get a second round of funding, not as much as the 25 3500 dollars that we requested, right? But it would still be something and I think that they put that in every quarter. So I mean, I could just keep putting those in and

12:55 Cheryl J.: like,

12:57 Moon L.: see what happens.

12:57 Lynn B.: That's awesome.

12:58 Ginger B.: well now,

12:59 Lynn B.: That is really good news.

13:00 Moon L.: Yeah. Yeah.

13:05 Ginger B.: It would be good.

13:06 Lynn B.: Great.

13:07 Moon L.: So yeah.

13:08 Lynn B.: Thank you, that's awesome.

13:09 Miriam : That's awesome.

13:10 Moon L.: Just the timing of it. We're gonna have to watch that one closely and then I did ask him if there was any other Grant. Avenues, we can go down because there's obviously a gap in funding.

13:23 Lynn B.: Then did he say, Did you respond to that?

13:25 Moon L.: There's a responded yet.

13:26 Lynn B.: Okay, what?

13:29 Moon L.: and I saw,

13:29 Lynn B.: You asked.

13:30 Moon L.: Yeah. Oh yeah.

13:32 Lynn B.: Next. Thank you for the follow-up on that.

13:37 Moon L.: And then I got the grand application done which is really exciting. I did not yet, call the banks for the High Yield savings account. So that's still on my list. I will get that done this month, but I just for the call out from last meeting and that we all could access the account that there's no issues with having, any kind of like online presence for multiple users, etc. I think that's super valid. I just have to call a couple of the companies that I have.

14:01 Lynn B.: Perfect.

14:04 Moon L.: And then the Esme have.

14:05 Lynn B.: This past couple of a couple days

14:10 Moon L.: Tylenol. Okay. So met the students students only Doug wasn't there. Um, last weekend Friday Friday afternoon.

14:19 Lynn B.: ago.

14:20 Moon L.: I don't know what it is. So the ESF meeting went went. Well I showed them you know, kind of by the water by me and like the shallower area we went and we drove around to where like the outlet the creek is I showed him that part. And then we went over to the New York State boat launch and I sent them Almost every document we've created in the last three years, the newsletter the, the DC information, the meeting notes from the annual meeting there. They were they were asking a lot of questions and what I tried to get them to focus on is You know what we would like from you is short-term solutions with little money and longer term solutions with maybe some money.

15:02 Moon L.: To get like that range to like what we can do. If we do like a phase two

15:04 Lynn B.: No.

15:06 Moon L.: of Lake Management plan or what they see they did. They were interested in, you know, the engagement from the community. And that's where I was like, well on these calls, it's lighter. But on the annual meeting, we were pleasantly surprised with the turnout and lasts August September. So I sent them the meeting notes for that meeting and they wanted to know the issues. We saw the scene, the testing we've done the history of this council.

15:34 Moon L.: That's a lot of really good questions and they should be emailing us, I think by next end of next week, like the project charter, which we'll have to sign off on.

15:43 Moon L.: So yeah it's all I'll good things. I

15:43 Lynn B.: Cool.

15:46 Moon L.: told him that they come up, you know, if it if it snows just you know, look at the road don't just drive through the snow because you won't make it out alive. there's no tow trucks, you

15:56 Miriam : so, Yeah, Chris, I would say that if they are gonna be doing, you know, winter. Obviously there's year-round residence over on Webster. It's easy to get in and out, not on your guys

16:09 Moon L.: Yeah, that's

16:10 Miriam : side, but on on the Smith and the Webster track. It's probably a little

16:13 Moon L.: Yeah.

16:13 Miriam : easier.

16:14 Moon L.: I told Mr. If it's a payroll stay that way. Do not go on the. Off-roads

16:16 Miriam : Yep.

16:18 Moon L.: like a tow truck. Will not come and save your car, just be very careful. Um, they said, if they want to do the samples, they would let me know if they need a vote, or if they can try to make it up through winter, they could probably get some samples, like, through the ice, fishing holes. The unused that's probably a good

16:33 Ginger B.: Oh nice.

16:35 Moon L.: idea. They were interested in doing like the sediment testing

because I said we haven't really done that and that would be very interesting to see what's at the bottom of this lake and how you know they are horrible. It is Um, yeah that. Yeah, and they're gonna give me more information on longer term studies of that herbicide that were requiring about. He said, short term, it does kill the weeds but, you know, it could, it could disrupt things in the lake. If you're killing things and letting it settle and then letting that decompose and circulating other things within the lake. So, they're gonna give me some more information on that too.

17:08 Lynn B.: Awesome.

17:09 Moon L.: Not that there's just not what we're

17:09 Ginger B.: I have a question.

17:10 Moon L.: doing but it would just be interesting to know, right?

17:14 Lynn B.: Yeah.

17:15 Ginger B.: My question is, is students that you met this past. Weekend Are these students going to be working on the whole project. All the way through spring, or is it different students

17:25 Moon L.: Yeah, yeah. It always. Yeah.

17:25 Ginger B.: all the way through? Okay, perfect.

17:29 Moon L.: One of them had a history with Millsite. That was good. Yep. What one do the

17:33 Ginger B.: Really.

17:36 Moon L.: area the other the other three were were they worked on other projects throughout the state not up near Theresa.

17:43 Ginger B.: Okay.

17:44 Moon L.: Yeah. Yep.

17:47 Lynn B.: That was the second meeting so we had a PREM preliminary meeting virtual couple weeks back. Person, I did and then Chris met them at the lake. To show them around a bit.

18:07 Moon L.: It was a good meeting. Good evening. It'll be an interesting to see their next steps.

18:12 Lynn B.: Yeah, exciting.

18:12 Moon L.: That they can say, Yeah.

18:16 Lynn B.: Thank you for meeting with them.

18:18 Moon L.: Of course. On our

18:22 Ginger B.: It's not bad.

18:24 Lynn B.: Anybody else have any other questions?

18:30 Cheryl J.: What?

18:31 Lynn B.: Okay. um, no, Councilmember Yeah.

18:38 Moon L.: So yeah, Alex and Europe. So Unfortunate for us, less for him. He

18:46 Lynn B.: Depends on what he's over there for.

18:49 Moon L.: Sounded like a vacation. I got him a propped up on Gmail

Facebook. Oh Daddy. Was there another one? I think that was mostly like the G, the Google parts and we got through like the Google stuff. I think it was pretty familiar with the Facebook. He posted that first entry for the this meeting, right? I think we just Lynn. Maybe you me or you or ever welcome to the Godaddy part of it?

19:16 Lynn B.: Yeah. Good. So Alec is gonna do the See Board. Chris.

19:27 Moon L.: I don't think the social media person, what?

19:30 Lynn B.: No, we don't have them set as a as a board member but he's taking over the

19:32 Ginger B.: The Lord.

19:34 Miriam : Yeah.

19:34 Lynn B.: social media coordinator position for us so that's awesome. He was on the last meeting. for those of you that were on the last meeting with us, He was interested in his had some background with. Websites. At least. so, That was good.

19:59 Ginger B.: And is he on the lake somewhere?

20:02 Lynn B.: Webster Track.

20:03 Moon L.: He lives in New York City, either city proper or some suburb of near. And I think he comes up for Webster

20:07 Ginger B.: Wow.

20:10 Moon L.: track, he's, he's redoing a cabin up there, right? Or a place or

20:14 Lynn B.: I just happened to know that he's on the Webster track. He, that's where his place is, what that place is or

20:18 Moon L.: Yeah.

20:21 Cheryl J.: Make it smaller.

20:22 Lynn B.: I don't remember. We could probably look in last month's notes if we really cared, but

20:28 Moon L.: He's working like renovations that's

20:28 Lynn B.: He told us but I just remember his Webster track.

20:33 Moon L.: all I know.

20:35 Lynn B.: Yeah.

20:35 Moon L.: Yeah.

20:36 Ginger B.: Okay.

20:38 Moon L.: But good.

20:42 Lynn B.: um, Hopefully, everybody noticed the web page. There's been on it any, he did have some Updates that he thought that would be good for us. If you guys haven't been on it yet or haven't been on it recently, take a look, always looking for feedback on that. um, You still have the Moon Lake. Reservation Year and Cafe Press. I haven't gotten anywhere with my guy. I'm calling it a bomb. I might I might try and get somebody else. I know one other Place that we might be able to do something different, but I don't know if they'll do a website. So we'll have to see.

21:30 Moon L.: Two things. I forgot. Oh sorry.

21:33 Miriam : He, no, it's gonna say it with regards to, you know, your guy are doing, like kind of, you know, hey, limited edition hats or whatever. If we want because cafe press, kind of We're not really promoting it. Um, they raise all their prices to what I think are kind of ridiculous. Numbers. So, I mean people are gonna I don't, I just thought like 60 bucks for a sweatshirt, and I've only got a \$5 markup on it is pretty crazy.

22:04 Lynn B.: Yeah.

22:06 Miriam : So, you know, that's something that

22:08 Moon L.: All right, two things, I forgot one

22:08 Miriam : I'd be willing to kind of look into what other purveyors are out there to see if we can get something that's a little bit more reasonable. Um, And certainly a little bit easier, they've changed their, they've changed their website so much that it's Just misery to to try and update it and add stuff. So um I mean, Lynn, maybe we can just kind of talk about that as a project over

22:32 Lynn B.: Yeah, yeah definitely. Let's some

22:32 Miriam : the winter.

22:36 Lynn B.: like I said, I have another

22:37 Miriam : Yeah.

22:37 Lynn B.: Company that we've I've worked with in the past with non-for-profit. So

22:39 Miriam : Okay. Okay.

22:43 Lynn B.: let me reach out to this guy. That's local here again and see if I can get him done because he was supposed to make a website for us. And send it over to me, so we could get started, but haven't seen anything. So, I don't know if he's just got a lot going on, or that's just how he is. I'm not really sure. But I have another one that I can talk to me. So we know let's get together. You know. Soon about that. Chris who had few things he said.

23:21 Moon L.: Alex showed me on Cafe Press if you navigate the link through collections, all of them are broken. But if you go to that other thing and Pages, or Like above the, like, the main page. There's like the three. I like the logos, right? And there's a collections and something else. If you navigate through collections, none of them work. But the other one does that right?

23:42 Miriam : Well, I'll have to take a look

23:44 Lynn B.:

23:47 Miriam : because it's they they did. Cafe Press has made. Like I said, made a bunch of changes like they just all the sudden change their length and and inserted something into the link which caused all of our links to break. So have them contact me.

24:01 Moon L.: Right. Okay.

24:05 Miriam : Well, and I'll see if I can work, you know, work through it.

24:08 Moon L.: Yeah.

24:09 Miriam : But realistically, if they're going to continue to kind of do that, I It's probably worth just dumping it.

24:17 Lynn B.: Yep.

24:18 Miriam : And moving to something different.

24:20 Lynn B.: Especially if they're so expensive. I just don't think it's worth it. Yeah,

24:22 Miriam : Yeah. It's yeah.

24:24 Lynn B.: I wanted to be something that people can afford. And like what they get for for the

24:29 Miriam : Correct. Yeah, yeah. Okay.

24:29 Lynn B.: money. So, That was the whole point. So even if we're Not making any money on it, you know? And it's all handled over, like, whoever whatever company then, so be it, you know?

24:43 Ginger B.: We just gonna make sure we don't lose track of our logos that we have. So, because we're gonna whatever the new vendor is, we're going to want to make sure our local

24:50 Lynn B.: Or chasm. We have on.

24:51 Miriam : The Logos are all on the Moon Lake in

24:51 Ginger B.: S. Okay.

24:53 Miriam : the Moon Lake Preservation, Council Google Drive.

24:58 Ginger B.: Okay, great. Great.

24:58 Lynn B.: Yep.

25:02 Moon L.: Okay. And then the, the second thing I had sorry, was the the students I keep wanting to say kids. The students from ESF asked if we had any information on the culverts around Moon Lake, I said, Probably not, but I was just Shout out. Do we have any like maps or any information on any of them? They were very interested in like the runoff.

25:24 Ginger B.: The only Calvert would be there would

25:24 Moon L.: Interlake.

25:27 Ginger B.: be two because we are in the wetland or It's not the wetlands. Doesn't the right word, but the one runoff goes under the

25:42 Lynn B.: Road.

25:43 Ginger B.: So at Moon Lake present, the Moon Lake Road that is over, just off of county Route, 22 Axwell Road. So just as you turn and going towards Webster Track, that's the first. That's one culvert. and we're part of Roman Creek, watershed that's the word I was looking for the watershed, we are what Roman Creek watershed, because

26:02 Lynn B.: but,

26:03 Ginger B.: everything from us goes through from Roman Creek, Passage and it goes out to the hospital river. Out to St. Lawrence. That's how our water

feet, how our feet is. And there's one other culvert that's under 22, but I don't know. if it's visible to see how to get to it but there's they're all Roman Creek watershed

26:28 Moon L.: Okay.

26:29 Ginger B.: And it's VR Oom.

26:29 Moon L.: Yeah, no. Yeah, I'd not school that

26:33 Ginger B.: Okay.

26:34 Moon L.: when I wrote it but then I remembered I did see one by the The state boat launch. Like there's one. like, They were looking at and then there's one, like the road into the state boat launch. There's like one that's like above ground on both directions, which I told him, it doesn't flood there over like

26:54 Ginger B.: no, that's for that's gonna be road drainage

26:57 Lynn B.: Well.

26:58 Ginger B.: That's real drainage, it's not Lake

26:58 Moon L.: All other colors.

27:00 Ginger B.: runoff, the only lake runoff is down under the Moon Lake Road that I'm aware of there might be one other one of under 22. Is your coming around the curve and you come up to Moon Lake Road? And then, right? When you turn on Moon Lake Road that one is in the town of Antwerp, but it's still the one runoff that the beaver dams have typically blocked on us.

27:24 Moon L.: I did tell them about the Beaver dams, but no, that's really good information. I'll send it to them.

27:28 Ginger B.: Okay.

27:31 Moon L.: I had all the other answers they just like I don't know about that.

27:43 Lynn B.: Anybody else?

27:46 Ginger B.: Another topics anybody wants?

27:48 Lynn B.: Questions, comments. Concerns. Okay, well that three minutes left.

28:03 Moon L.: Yeah.

28:04 Ginger B.: We did it within our time frame tonight.

28:09 Miriam : Nice dream of on the calendar. I do actually have one thing to comment. Nice job on the calendar, Lynn.

28:14 Lynn B.: Thanks.

28:14 Miriam : I'll tell, I've been a very frustrating. I don't know how many times

you had to redo it. but,

28:20 Lynn B.: Who's only through this time, it's

28:21 Miriam : It was me. Yeah.

28:21 Lynn B.: only three but I have to say the third time I thought came out the back so I'm actually pretty happy. But

28:27 Miriam : Yep, I thought you did a really good job.

28:30 Lynn B.: Looks a lot better this year than last year. I feel like so,

28:32 Miriam : Yeah.

28:34 Ginger B.: Practice makes perfect. We'll get it

28:36 Lynn B.: Well, and

28:36 Ginger B.: mastered.

28:38 Lynn B.: conduct Canada is the state that we

28:40 Miriam : Cheers everybody.

28:41 Lynn B.: use and because we have that free because we're not for profit, That's why it looks as great, the best. So I'm happy for that. But thank you. All right. Then with that, I will close the meeting, and we'll see everybody next one.

29:04 Moon L.: Everything's giving.

29:04 Ginger B.: Take care of.

29:04 Lynn B.: now, having shares
