Password: moonlake

In person meeting:

Smith Tract: 40538 Crisalli Lane @dead end
Please park along the side of Crisalli Ln and walk down to end

Latest News

Ice Cream Social was on July 2. We had a great turn out ~38 came out and enjoyed the Stewart's DONATED ice cream kit. We raised \$342. Thank you Stewart's!

Project WHIRL in partnership with Diana White and Clarkson University visited our lake on July 13. Professor White had results from testing on our lake last year recently published and is following up on that work. They are now seeking funding to raise weevils in tanks for release into host lakes. We are high on the list of candidate lakes and look forward to continuing to work with these organizations. Special thank you to Dennis and Cheryl Juno as well as Chuck Gregory for making sure we had a pontoon to take the group out for the testing.

We have setup Cafepress.com to buy Moon Lake gear. Great news about them is they donate back part of the funds to our group. Please check them out for your ML swag. Search for: MLPC or Moon Lake Theresa NY

CSLAP testing update. We are now just past the half way mark in our CSLAP testing for the year. Testing continues till mid September. As you may know our dedicated volunteers go out on the lake every two weeks to take samples and process them before shipping them to a DEC lab. At the end of the season the DEC compiles the results and generates a comprehensive report. Last years results for participating lakes came out in the last month so there is a delay in getting results. For those interested in what's in the report you can visit the NYSLOLA website and under the CSLAP tab search for one of our sister lakes such as Butterfield Lake to see their report for last year. Huge thank you to our on the water volunteers Chris Maslona and Peg DAgostino for their outsize effort in acquiring and processing the samples.

Jason Gartland made a beautiful Moon Lake 12 x18 cutting board that is being raffled off. Tickets are 1 for \$2, 3 for \$5 or 15 for \$20 see your tract rep today to buy or see us at the Sept meeting. Thank you Jason!

**VOTING & ANNUAL
MEETING:**

SAT. SEPT 3 @ 2 PM
