25	It is normal for a child to have difficulty separating from parents in the morning or not

Breakfast will not be served after its time slot. Please make sure to feed your child before you drop them off if you are going to be late. Do not drop them off with their meal for us to serve them. We are moving to the next schedule activity and the staff will not have the bandwidth to watch them eat as they will be involved with the next activity. The same goes for lunchtime. Please make sure to bring healthy options for snacks and food. We will no longer allowed children to walk in the morning with food before meal times. That will include open juice containers. All liquid containers need to be spill proof. All containers should be properly labeled with your child's name. The food should ready to serve. Which means any meats, fruits or vegetables need to be cut into small pieces. That includes pasta and meats, they need to be cut into small pieces. No glass containers will be allowed, only plastic or recyclable containers. We cannot serve meats with bones in them (this can be a choke hazard). Please make sure to prepare your child's meal ahead of time. They must be microwavable approved containers. Cold foods and foods that need to be reheated should be in separate containers. Any containers that do not meet these requirements will not be used during the day. We do not prepare foods, only reheat. Formula for babies will need to be in already prepared bottles. 27.

Please bring food from home. No candies of any kind will be allowed during any meal. If you would like a snack to be shared with everyone, please notify us ahead of time. Please do not let your child bring in a toy from home. Often children may have a hard time-sharing toy brought from home. We try to encourage sharing on an even level for all children. Everything must be clearly labeled with your child's name.

27 During Quite Time/Rest Period All children under the age of 5 are required by law to have a
rest period while at Childcare. Our rest period is from 1:00/1:30 PM to 2:30/3:00 PM to avoid
disrupting the children, please do not schedule any drop off or pick-ups at this time. If you need to pick up your child let us know so we could find a quiet place for your child to rest. Each child is provided a sleeping cot. Children under 1 yr old are placed in a safety-regulated crib. Children who do not fall asleep or wake up early will be directed to quite activities. Please provide a small sleeping blanket for your child. The blankets will be sent with you home at the end of the week to be cleaned.
28Birthday and Special Occasions at Fun Luvin we will have a party on Birthdays or special occasions for your child. All the children love this and it makes them feel special. Presents are not expected. Feel free to provide a treat to share (cupcakes, etc.) with the children on your child's birthday. Please inform us in advance.
29Child Abuse and Reporting is required by law to report any incidences of suspected child abuse or domestic violence.
We maintain a positive discipline policy, which focuses on prevention, redirection, love, consistency, and firmness. We stress two main patterns of behavior: respect for other people and respect for property. The children are explained the rules of the center frequently, so they are all familiar with the guidelines. Please keep in mind that there WILL be disagreements between children. Young children have a hard time expressing their feelings. Sometimes they hit, throw toys, bite, etc. We will try to prevent problems, redirect when appropriate, discuss inappropriate behavior, encourage making amends when defense involves another person, and sometimes withdraw privileges based on the principle of "natural consequences". An example might be where a child is misusing a toy then he/she will not be allowed to play with the toy for a period of time. The use of relax time will be rare except when a brief cooling off period is needed. Sometimes when children are fighting or throwing toys, we will put the toy in a short time out, and then bring it back into circulation a little later. This seems to work better than giving the child a relax time.

Under NO CIRCUMSTANCES will there be any spanking, physical abuse, verbal abuse, name-calling, or isolation used. Neither food nor sleep will ever be withheld from children as a means of punishment.

If a discipline problem arises that does not respond to the above-mentioned techniques, we will hold a conference with the parents. Together, we will try to find a solution. You may be called to remove your child if his/her behavior prevents us from being able to properly care for the other children. If the problem continues, other arrangements for the care of the child will have to be made, for the safety and well-being of all.

31 The parent who signs the contract is the only parent allowed to make changes to the contract. Parent who signs the contract is responsible to make weekly tuition payments. We do not split tuition payments in civil matters of child support. We do not give involved in custody issues. There will be additional fees to parent who initiates any Childcare court involvement. The fee will be \$75 an hour for any time spent on the matter.
32Third Party Special Services due to our space constraints and the intrusiveness of special services like Birth to 3 programs, we will try to accommodate them in our program. We partner with parents to get support for your child with minimizing disruption to classroom and other children learning. These programs provide service appointments at home at your convenience. We will work with those services on any recommendations they have in the development of the child.
33After thoroughly reading through Fun Luvin Childcare & Preschool Policy Handbook, please initial each policy above. Each infraction to state regulations will be fined at \$100 for each infraction. Please help us maintain in compliance with state regulations to keep cost down.
I have read and understood all the above mention items 1 to 33.
