

Registered Psychotherapist (RP)

Independent Contractor

\$1500-2500+/week

Complete Mobility Chiropractic (CMC) is looking to welcome a Registered Psychotherapist (RP) to our multidisciplinary clinic as an Independent Contractor.

We are seeking a compassionate, professional and collaborative psychotherapist who is interested in building or expanding their practice within a supportive healthcare environment. This opportunity is ideal for someone who values a patient-centred, whole-person approach to care and enjoys working alongside other healthcare professionals.

Our Approach to Wellness

At Complete Mobility Chiropractic, we believe in treating the whole person—not simply focusing on one symptom or one aspect of health.

We recognize that mental and physical health are deeply connected. Stress, anxiety, emotional well-being, and life circumstances can have a meaningful impact on how someone feels and functions physically, while pain, injury, physical limitations and chronic health concerns can in turn affect a person's mental and emotional well-being.

That's why we value a whole-person approach to wellness, where physical and mental health are viewed as interconnected pieces of the same picture.

We are excited to welcome a Registered Psychotherapist who shares this philosophy and sees the value of collaborative care. By bringing psychotherapy into our multidisciplinary environment, we hope to make it easier for clients to access the support they need and create a more complete approach to their overall health and well-being.
