Quotes on the Resurrection

from Pastor Daryl Evans of Fairbury

The tomb of Christ is famous because of what it DOES NOT CONTAIN." - Sam Morris

"We live and die; Christ died and lived!" - John Stott

"There is no historic incident better or more variously supported than the resurrection of Christ." - Brooke Foss Wescott

"A dead Christ I must do everything for; a living Christ does everything for me."— Andrew Murray, Jesus Himself

"The resurrection of Jesus changes the face of death for all His people. Death is no longer a prison, but a passage into God's presence. Easter says you can put truth in a grave, but it won't stay there." - Clarence W. Hall

"I know the resurrection is a fact, and Watergate proved it to me. How? Because 12 men testified they had seen Jesus raised from the dead, then they proclaimed that truth for 40 years, never once denying it. Every one was beaten, tortured, stoned and put in prison. They would not have endured that if it weren't true. Watergate embroiled 12 of the most powerful men in the world-and they couldn't keep a lie for three weeks. You're telling me 12 apostles could keep a lie for 40 years? Absolutely impossible."— Charles Colson

Tammy's Touch

Chances are.

Chances are there is one of you who is facing hard times and doesn't know what to do next.

Chances are there is someone else whose marriage is going through a hard time.

Chances are there is someone who has dealt with enormous loss.

Chances are there is someone else who just needs sleep.

Chances are there is someone who needs to feel that they are not alone.

Chances are there is someone who set goals but stumbled and is trying to find the bravery to start again,

Chances are there is someone whose life doesn't look like the picture imagined.

Chances are there is someone whose life is relatively calm.

Chances are there is someone whose life feels crazy.

Chances are there is someone who needs hope,

Chances are there is someone dealing with multiple kids and doesn't seem to get a break.

Chances are there is someone daring to take a step towards their dream. Chances are, my friend, that you or someone you know may be in the midst of a story that is one you never expected to write.

Chances are.

But, my friend, here's the deal.

You are strong, even if you doubt,

You are brave, even if you worry.

You are courageous, even if you don't know what to do next.

So, as you walk your chances are life just know that you are not alone. You are one in a story of so many who are journeying through this world trying your best.

Trying matters.

Trying matters tremendously.

So, keep going on.

And if you needed to hear some encouragement - hear this - you matter, so much, Thanks for all you do,

Oh, and one last thing, since so many of us fit in the "Chances are" category lets always be kind. Be gracious. Be helpful,

There are no chances that kindness can change a life.

Rachel Marie Martin, Finding Joy
