

WHAT'S THE DIFFERENCE?

TRADITIONAL VAPE

DISPOSABLE VAPE

TRADITIONAL

DISPOSABLE

COST

- \$20-100 Upfront.
- Cost-effective long term.

- Approximately \$20 each.
- Adds up fast.

NICOTINE

- Salt or Freebase
- Multiple Strengths
- 0mg - 50mg

- High Strength Salt Nicotine.
- 50mg.
- Limited Zero Nicotine.

BATTERY

- Rechargeable and lasts for months to years.

- One-time use.
- Creates e-waste.

QUANTITY

- Different Sizes Available.
- 120mL is equal to the amount of liquid in 8 disposables!

- Limited Sizes
- 12-18 mL prefilled
- Approx. \$20 each.

POWER

- Adjustable & Tailored for Each Individual.

- Fixed Power Levels.
- Minor Adjustability.

COILS

- Replace Only the Coil or Pod.
- Average 2 weeks.
- Refill Multiple Times.

- A burnt coil means the entire device is trash.

FLAVORS

Both offer an almost endless variety of flavor options.

Traditional = Better value, customizable, more eco-friendly
Disposable = Quick & easy, but costly & wasteful
