

Thank you residents for joining us for this year's Summer Festival hosted by the Hunt Club Park Community Association! This Summer Festival was unique in that we were part of the Ottawa 200 celebrations. Being part of these celebrations, allowed us to make our Festival a free event, which was exciting! We gratefully acknowledge the financial support of the City of Ottawa.

We also want to express a BIG thank you to our local **business sponsors**. We could not do this event without their ongoing commitment and generous support!

- Frank Gualtieri and family of Canopy Insurance Services
- Dr. Vineet Sidhu of Family Dental Care
- Tim Mook Sang of St-Laurent Academy

Our heart-felt thanks for the ongoing support from Honorable David McGuinty, John Fraser MPP (the ice cream cones were a hit!), and Councillor Bradley. We appreciate everything you do for our community association and its residents.

As you know, a lot of people come together to make this event happen! Another BIG thank you to the following residents/local groups/businesses who make this a FUN time for all (in alphabetical order):
