

ARFAX Clubs After 63 Years

1962-2025

ARFAX History

“The idea for ARFAX originated in 1961 when a number of women at the various clubs in Arlington and Fairfax counties wanted to play competitive golf outside their own clubs, and District Golf Association had a maximum Handicap of 21. Ruby Angsten of Washington Golf, along with a small group of women from Army Navy, Belle Haven, Cedar Crest, Chantilly, Fairfax, International, River Bend, Washington and Westwood, had formed the “21 PLUS” group. They started talking about an organization similar to the District Golf Association for those women Golfers who did not qualify for the 21 HCP and under Rule. Thus, in August 1962, these women started ARFAX with 50 members.” Source: Meeting Minutes of August 1962.

The first ARFAX tournament was played in June 1963. In June 2023, ARFAX celebrated the 60th Anniversary of that first tournament.

ARFAX has grown over the years and now includes 19 clubs in Arlington, Fairfax, Loudoun, and Prince William counties.

Statistics

Our annual handbooks are a rich source of the over 60-year history of ARFAX. Each handbook includes the Members, Clubs, Teams, Officers, Committee Chairs, Delegates, and Alternates.

Our archives include handbooks for 1972 to 2025 but are missing the handbooks for 1980 and 1981. We have no evidence that there were handbooks from 1962 to 1971.

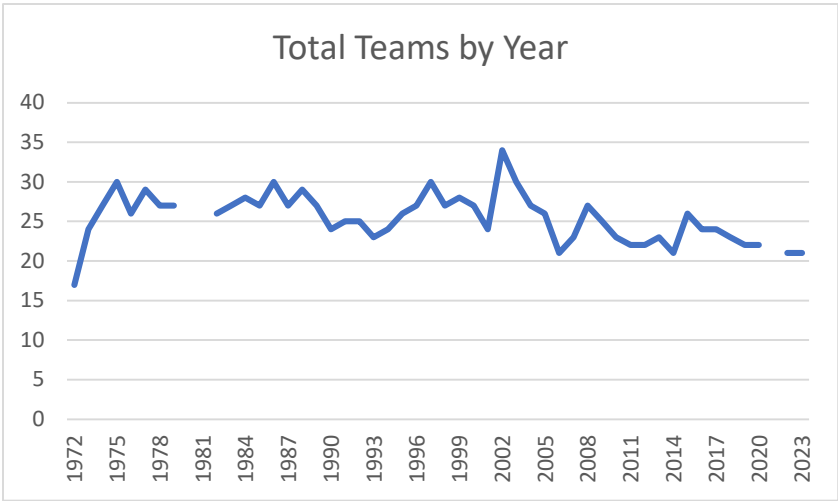

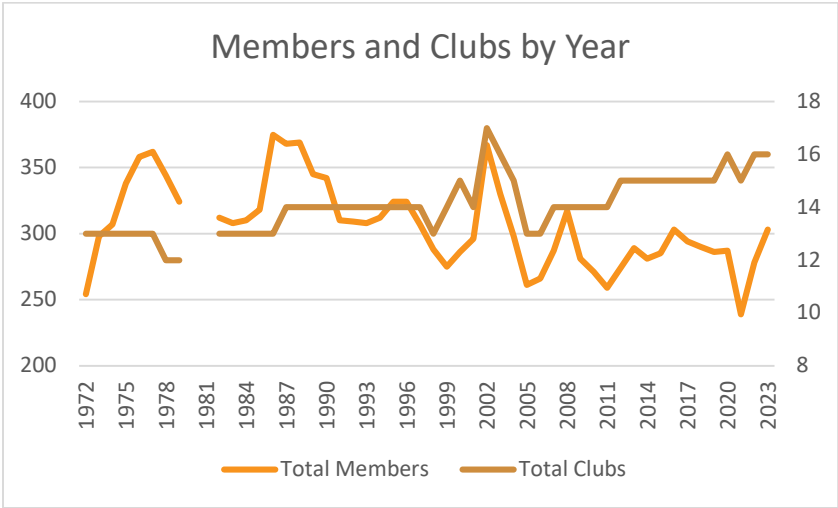

In 2025, our updated roster shows that ARFAX has 435 Members from our 19 Member Clubs, including 10 Past Presidents as honorary members. Over the years, there have been a total of 28 Member Clubs.

Some of the Clubs no longer exist and some are successors of earlier Clubs. For example, Lowes Island Club became Trump National Country Club and Woodlawn Golf Club became Mount Vernon Country Club.

The number of Clubs in ARFAX has varied from the original 9 Charter Member Clubs in 1961 to 19 Clubs in 2025. The average is 14 Clubs per year. Of the Charter Member Clubs, 8 of the original 9 are still ARFAX members.

Our membership increased from the founding 50 golfers in August 1962 to 435 golfers in 2025. The average is 306 golfers per year over the 50 years of handbook data.

The number of Teams has varied from a low of 12 Teams to a high of 30 Teams in 2025. The average is 14 Teams per year over the 50 years of handbook data.

Hole 18, par 4

This hole is a par 4 that plays 240 yards from the Gold Tees. There are a series of sand hazards halfway up the right side of the fairway. But the real challenge is climbing the hill to the elevated kidney shaped green that is flanked by two deep sand traps. It is a classic Arthur Hills finish to a challenging round at Belle Haven.

"I value membership in ARFAX because it is a community of serious women golfers. Playing with them is challenging and inspiring. ARFAX events are always well planned and executed." Betsy Micklem

The Golf Club at Lansdowne

44050 Woodridge Pkwy, Lansdowne, VA 20176

www.golfatlansdowne.com

Member of ARFAX, 2024 to present.

The Golf Club at Lansdowne is home to 45 holes of golf, including 2 Championship 18-hole courses and a 9-hole short course. The original 18 holes, designed by Robert Trent Jones II, opened in 1992. The remaining 27-holes followed in 2005 when Greg Norman designed an 18-hole course of his own, in addition to a 9-hole short course. The Golf Club at Lansdowne is attached to Lansdowne Resort, providing a first-class experience to its full golfing membership and resort guests.

Variety is plentiful at Lansdowne. With 45 holes to choose from, you will never get tired of the 3 distinct layouts. The RTJ II Course is played on Zoysia fairways, with a scorable front 9, and a back 9 which plays much more difficult through woods boasting vast elevation changes. The Norman course on the other hand plays much flatter on Bent Grass fairways. The Norman course runs along the Potomac River and brings a lot of water and marsh land into play throughout your round.

Hole 18, par 5

The signature hole at Piedmont! A reachable par 5 in two will require a drive over the bunker on the right. The fairway funnels downhill to an uphill green that is heavily guarded by bunkers on the left. If you have under 200 yards into the green, a long-mid iron approach up the bottleneck to the green will leave you an excellent chance at eagle or birdie. Be aware of the false front as balls that are hit on the front on green will roll off down the hill.

"We're so excited that we are joining ARFAX this year. We hope to meet lots of other ladies that are addicted to golf as we are and hope to make lasting friendships." Kim Wiedemann

This is a beautiful hole, but don't let the scenery distract you. They say fortune favors the brave, but there is no shame in playing your tee shot away from the water here due to the kicker slope just right of the green. There isn't much to the green, just make sure you get there safely.

Washington Golf & Country Club

The Washington Golf Club began in 1894. It is considered to be the oldest golf club in Virginia. Most of its land was bought from Admiral Rixey (Surgeon General of the Navy and physician to Presidents William McKinley and Theodore Roosevelt).

Nine holes opened in 1909. Another nine were added in 1910. Donald Ross redesigned the course and some of those holes remain. The club was renamed Washington Golf and Country Club in 1915.

More land was bought and a new course, designed by Walter J. Travis, Hugh Wilson and William Flynn, was opened in 1922. In 2020, Tom Doak completed the first major course renovation since 1922.

Washington Golf and Country Club: A Feature Hole

Hole 18, par 4

The clubhouse view makes the 18th hole magical. It is a challenge from tee to green. The sloped fairway demands a perfect drive. Ladies need to thread approach shots past the sand traps to the elevated green. As you retrieve your ball from the hole, you have a great view of 5 holes and the National Cathedral. A perfect ending!

"I'm an ARFAX member and delegate because I love meeting so many amazing ladies in Northern Virginia, many of whom have become dear friends. It is a treat to be able to play a plethora of courses." Cindy Papalios

Westwood Country Club: A Featured Hole

Hole 16, par 4

The creek crossing the fairway puts a premium on course management. The green approach must carry over or to the left of the right bunker. The creek across the fairway and the pond along the right side requires thoughtful play. The multi-level green rewards accurate approach shots and demands putting accuracy and good distance control. The clubhouse rotunda in the background frames the rear of the hole.

"ARFAX is a great group of women committed to supporting women's golf. These talented ladies work together to schedule matches and tournaments. It's a pleasure to make new friends and play other courses." Denise Baxter
