

Photography/Videography Policy

Introduction

By signing our returning our participant form, children alongside their parents/guardians are agreeing to be photographed or videoed during our activities to aid us in promoting the work that we undertake.

Photographs/Video may be used for the following purposes:

- To highlight our activities on social media
- To outline our work on our website
- To provide evidence to funders of the work being undertaken by the organisation
- To provide media outlets with evidence of the work being undertaken and to promote activities
- To promote the activities of the organisation in general

Our Responsibilities

- To ensure photography/videography is used only within legal means
- To ensure that all policies auxiliary to this policy are acknowledged and upheld
- To ensure that we take all measures to prevent the misuse of photography and videography
- To encourage participants to make informed decisions about photography/videography
- To safeguard the interests of service users who are being photographed or recorded at all times
