

Women Supporting Women

Michael O'Connell & Associates

This group is a place for women who have been impacted by a loved one who has committed a sexual offense or struggles with sexual compulsivity issues. Wives, significant others, adult family, and step-family members are welcome to share their experience, strength, and hope with each other in a relaxed, supportive environment. The group recognizes everyone has different life circumstances and avoids influencing participants toward any particular decision. The group strives to maintain an empathetic and non-judgmental atmosphere.

The facilitator, Dr. Lisa Trifiletti is a licensed Clinical Psychologist and a Certified Sex Offender Treatment Provider. The group meets monthly from 6:30-8:30pm.

For registration information or questions, please contact Fawn Nelson at 425-374-8504 or email at fawn@droconnelltx.com
