

**M.E.T ENGINEERING COLLEGE**  
**DEPARTMENT OF SCIENCE AND HUMANITIES**  
**REPORT ON INDUSTRIAL VISIT**

Industrial visit has its own importance in the career of a student who is pursuing a professional degree. It is considered as a part of college curriculum. Industrial visit provide students a good opportunity to gain full awareness about industrial related practical aspects which cannot be visualized in lectures. With an aim to go beyond academics on 4-10-2019 we the department of Science and Humanities arranged an Industrial Visit to Futech Water Analysis Plant, Eathamozhi for the first year students of M.E.T Engineering College. The proprietor of the firm Mr.R.Sankara Pandiyan demonstrated about the different stages of water purification, how water is freed from unwanted elements, and testing of chlorine levels are also explained in the laboratory. Finally the students got an opportunity to gain in-depth knowledge about the field. We appreciate and thank the effort of the management and Principal for executing this Industrial Visit.
