

PROMOTING COMMUNITY HEALTH WHILE AT CHURCH

Hand Washing

Please wash your hands before and after Worship Services and Sunday School. We also have hand sanitizer stations in all foyers.

Responsible Giving

In order to cut down on person-to-person contact, we will collect offering at a few locations at the end of the Worship Service. We strongly encourage using text-to-give or online giving.

Showing Love

Lets give a big smile, kind hand wave, fist bump, elbow rub and a hearty "Praise The Lord" when we see each other and hold-off on hugs and kisses just for now.

Everyday actions we can all take to help prevent the spread of all respiratory viruses:

- Stay home when you are sick.
- Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use an alcohol-based hand sanitizer.
- Avoid touching your eyes, nose, and mouth with unwashed hands.
- Avoid close contact with people who are sick.
- Cover your cough or sneeze with a tissue, then throw the tissue in the trash.
- Clean and disinfect frequently touched objects and surfaces.
- Consider alternatives to shaking hands.
- Unless you are sick with cough, sneezing and fever, it is not advised to wear a mask.
