

# ★ Sheriff Chad Jensen ★

## Endorses Dane Murray for County Attorney

I have worked with Dane since his first day working at the Cache County Attorney's Office. I have seen and appreciated his work and efforts in every aspect of the attorney's office.

His passion as a prosecutor holding people accountable has been impressive. His work and effort supporting victims, defending their rights and helping them and their families move forward is second to none.

Dane's perseverance the past couple of years through the state audit has ensured every office within the county is transparent, following the law and providing services our citizens deserve and demand. At the time of this audit, Dane was an employee of the office, not the county attorney. He took charge and coordinated with the state auditors and the council to address and respond to every aspect of the audit.

Through his diligent work, the county re-wrote policies and procedures, passed ordinances, re-structured the finance department, and made our county accountable and compliant with the audit, state law, and policy and procedure. This important work saved Cache County hundreds of thousands of dollars in state and federal funds used to prosecute crime and defend and support victims.

Dane understands land use issues, road issues, zoning issues, and protects the rights of private property owners. Dane is an accomplished attorney. He is the only candidate with prosecutorial experience and fully understands his working relationship with the council and elected officials and representing county citizens.

As Sheriff, I value and depend on Dane's legal advice on law enforcement and contract and liability issues. I don't expect or want the easy legal answer; I want the right legal advice and a leader in the County Attorney's Office with criminal experience and public safety prioritization. I am 100% confident in Dane's ability, experience, and advice.

For all these reasons, I am honored to write this letter of support and ask you to consider joining me in voting for Dane Murray for Cache County Attorney in this upcoming primary election.
