**Established and in Continuous
Operation Since 1972**

King's Kids Preschool

Our program consists of a lesson for each day that includes reading and math readiness, language and listening skills, and an appreciation of the world around the child.

We have a "show and share" time that encourages self-expression.

Music and rhythm activities develop listening and enjoyment of sound and movement.

Our values of caring and respect for others give children a framework within which to build healthy relationships.

Group games aid self-confidence and social skills.

Free play allows for creativity and self-expression in the following areas:

- Art Media (pasting, cutting, painting, and coloring)
- Manipulative Equipment (blocks, puzzles, interlocking sets, etc.)
- Science/Math (experiments, magnifying glasses and objects to investigate, scales, gifts from nature, magnets, etc.)
- Large Muscle Play (tracks, foam blocks, balance beam, trucks, outside play, etc.)
- Sensory (sandbox, playdough, waterplay, finger-painting, etc.)

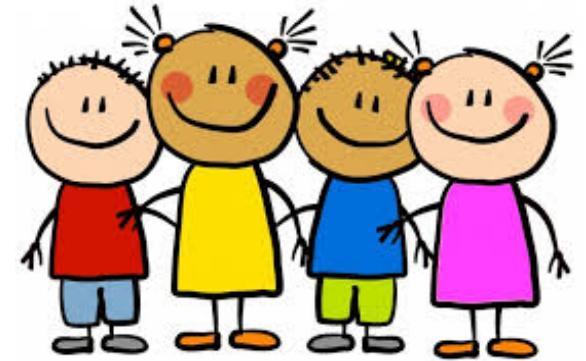

We emphasize praising good behavior and redirecting inappropriate behavior.

We are licensed to serve children 33 months until kindergarten, with the capacity of 20 children per class. We maintain a ratio of one staff person per 10 children. Each class is taught by a certified teacher.

No child will be discriminated against because of race, national origin, creed, or religion.

Enrollment of children with handicaps will be contingent upon approval of the State Dept. of Human Services. Applications will be considered in regard to date received and age of the child. Children must be toilet trained.

Our program is in compliance with the standards set by the Minnesota State Department of Human Services. The phone number for the Minnesota State Department of Human Services is 651-296-3971.

We offer the following class options:

Mon-Wed-Fri, 9:15 a.m. - 11:30 a.m.
(4-5 year old children)

Tues-Thur, 9:15-11:30 a.m.
(33 mos - 4 year old children)

All 5 days, M-F, 9:15 am – 3:30 pm

Combinations of the above times are possible, with permission.
