****Give thought to a prominent location for the sign to best attract attention of Emergency Responders****

All signs are green metal, pre-drilled in all four corners for easy mounting. They can be mounted to a post, fence, tree or house, preferable visible from the street. Numbers are white and can be two-sided. Sign sizes are 5"x9", 6"x18", 6"x24" depending on the number of characters in the address. County code requires the characters be at least 4" high and signs must be a minimum of four feet above the ground. Reflective Signs can be picked up at a pre-determined location or mailed (for an additional fee). All proceeds from the sale of these signs go directly to Emergency Medical Services (EMS) and Eastern Alpine Fire & Rescue Dept.
