ABOUT STACEY & THINGS

Stacey Lewando is a Cape Cod artist whose watercolor paintings capture the beauty of ocean life. Known for focusing on a **single subject**, often inspired by coastal creatures like **oysters** and **whales**, Stacey's work blends simplicity with warmth, creating pieces that feel both timeless and inviting. Her portfolio also includes custom dog portraits and her beloved "Family of Oysters" series, where she incorporates names within each oyster, making each piece a personal keepsake.

Her art has become a local favorite at Masterson Made in Woods Hole, where her collections consistently **sell out**, drawing both locals and visitors. With collectors near and far, Stacey's work has found its way into homes worldwide, bringing a touch of coastal charm wherever it goes.

Playful, approachable, and full of heart, Stacey's art is more than something you hang on a wall—it's a connection to the Cape, the sea, and the stories they hold.

BRICK & MORTAR RETAIL

Since Masterson Made's **inception**, Stacey Paints Things has been a proud partner of the Woods Hole shop and gallery. Her watercolor artwork is a favorite among both locals and visitors, known for capturing the beauty and character of coastal life. Customers often praise the sense of movement in her whale compositions and the **soulful eyes** that bring each subject to life.

With the Woods Hole Oceanographic Institution nearby, the shop owner **frequently** requests pieces featuring marine life like **horseshoe crabs**, which have become popular with local and visiting scientists alike.

PORTFOLIO OYSTERS

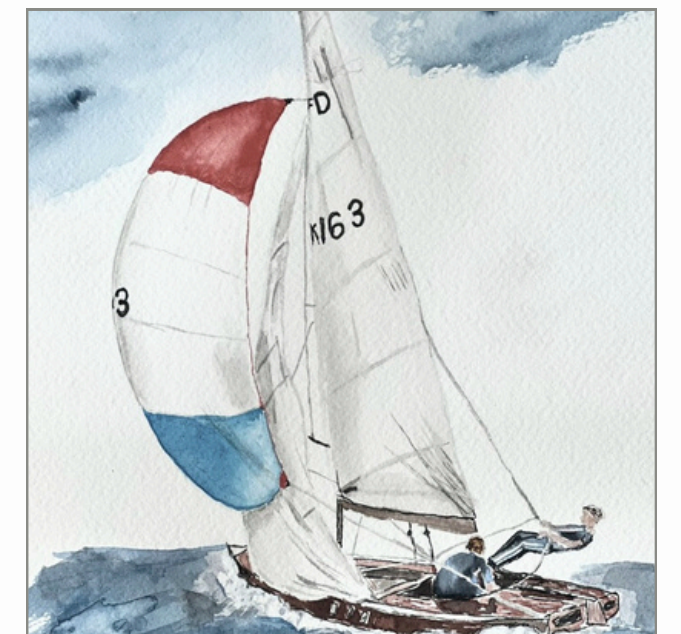

Stacey's oyster paintings are a balance of spontaneity and intention. Using watercolor's fluid nature, she explores the irregular forms and subtle textures of oysters, creating **abstract** compositions that are always distinct. The soft, **neutral palette** makes them adaptable to any space.

PORTFOLIO GIANTS OF THE SEA

A fan **favorite**, her humpback whale paintings convey the grace and motion of these ocean giants. The **eyes**, often a striking focal point, draw the viewer in, while fluid brushstrokes and soft tones evoke the calm of the sea.

PORTFOLIO OUT OF THE WATER

Both **above** and below the water, Stacey's compositions capture the character and presence of **Cape Cod's** marine creatures, weathered lighthouses, and classic boats. Her underwater works reflect the ocean's fluidity, and highlight the **rugged beauty** and charm of life along the Cape Cod shore.
