CANDLEBERRY®

Candleberry® has been making candles for 30 years.
No two candles are alike because each is hand-made.
Our craft is an art form!

Candleberry® Terms of Sale

By ordering Candleberry® products you confirm you are not doing business from a residence nor from a “booth” in a flea market or other communal sales site; that you are only selling the products from your approved, retail shipping address, properly zoned as business.

The Candleberry® brand name represents the very highest quality products. The brand provides strong profitability for retailers and high perceived value for the consumer. The Candleberry® brand image is essential to maintaining growth and consistent sales and must therefore be protected and cultivated by selling the products at full and fair market price. If the Candleberry® brand is not presented in the most positive way, it will significantly harm Candleberry® and the retailers of our products. Candleberry® retailers must further agree they will not advertise by any media means — typed, verbal, or otherwise — to sell Candleberry® products at a price lower than the suggested retail price on the Candleberry® order form.

To maintain a “protected territory” (as determined by Candleberry®), your monthly sales must achieve a certain average for the current three-month period. Please call 502.223.2799 for details.

If your account remains dormant for more than three months, a new application is required to be a Candleberry® retail distributor. If you open additional locations, each one requires an approved application. You may not sell Candleberry® products at unapproved locations. Prior to relocating your business, please call us to assure that you will be eligible to sell Candleberry® candles at your new location.

We reserve the right to change any of the above policies without advance notice.

3 Ways to Order

1. Call 502.223.2799.

CANDLEBERRY®

CELEBRATING 30 YEARS

A FOUR GENERATION KENTUCKY FAMILY BUSINESS

- For three decades and through four generations, our family has been passionate about making captivating, strong scented candles. 30 years later, these signature scents are still best sellers.
- More than just a business, Candleberry® is our family's legacy.
- Thank you for being a part of our family's 30-year journey! Without your loyal support we would not be where we are today, celebrating this milestone!

The heart of Candleberry® lies in family, now in its fourth generation. What began in 1995 with the first Kentucky Bourbon® and Hot Maple Toddy® candles has blossomed into a legacy of fragrance and warmth. Our Kentucky roots, amidst the rolling hills and world-renowned bourbon distilleries, instilled in us a dedication to quality and a spirit of innovation.

We weren't satisfied with the candles we found elsewhere. The fragrances were fleeting, the burns smoky, and the experience underwhelming. So, we created our own. Each candle is hand-crafted with the same care and attention to detail as the first, ensuring a clean burn and a fragrance that fills your home.

We partner with small retailers like you, who share our passion for quality and craftsmanship, and we stay true to our Kentucky heritage. Our products bring people together to enjoy and share life, creating moments of warmth and connection that last long after the candle is blown out.

Candleberry® Candle Care

BEFORE LIGHTING, place candle on a flat and stable surface that is not flammable. Avoid drafts. Never leave a burning candle unattended. Keep candle away from children, pets, water, or things that can catch fire.

ONCE LIT, melt the wax fully across, especially on the first burn. A full melt pool achieves maximum fragrance release. Avoid burning candle for more than four hours.

AVOID TUNNELING — a hole around the wick caused by burning the candle for short periods. Burn long enough each time so that the entire top surface of wax is melted. How long that takes depends on the size of the candle.

KEEP THE WICK TRIMMED to 1/4 inch. To trim, extinguish the flame and use a wick trimmer so the trimmings do not fall into the wax. (We supply free wick trimmers with some purchases.) Do not touch the hot wax or container.

DON'T BLOW OUT THE FLAME, snuff it out. A metal spoon works. Blowing the flame out spreads ashy debris into the candle's melted wax and may cause smoke. A buildup of wick trimmings or thick dust in the wick pool can catch fire. Cover the candle when not in use (to eliminate dust & debris) and let it cool before reusing.

DISCARD THE CANDLE when it is down to 1/2 inch of wax or if the container is damaged in any way. Do not reuse the container for refill and re-burning candles.

THE CANDLEBERRY® WICK TRIMMER The Essential Tool for Candle Lovers

Our beautiful Wick Trimmer is designed to enhance and extend the life of your customer's favorite candle. It is a beautiful gift at a key price point!

The secret to keeping the candle looking beautiful and burning perfectly; trim the candle wick to 1/4" length before each burn.

Using our Wick Trimmer is effortless and safe, ensuring a smoke-free burn and longer enjoyment.
