**HOMEGROWN POPCORN**  
LOCALLY HAND CRAFTED IN  
WADSWORTH, OHIO

We set out to create a line of delicious snack items that would make you smile every time you take a bite. Each HOMEGROWN product needs to be unique and outstanding. Finally, we wanted a nice looking, re-sealable package so you could eat some now and save some for later - or share.....

We believe HOMEGROWN SNACKS are the finest in America:

Produced in Small Batches

Made with GMO FREE, Ohio Grown Corn

Popped in Coconut Oil

No Trans Fats

No High Fructose Corn Syrup

## SNACK CO.

### What makes it "HOMEGROWN"?

The name HOMEGROWN reminds us of Mom. She's in the kitchen, surrounded by high quality ingredients that were specially chosen to produce great food. Mom always creates in small batches to make sure everything turns out just right. She wants to make sure that whoever tastes her food knows that it was created with care and that they leave the table satisfied. That's HOMEGROWN.

**HOMEGROWN POPCORNs** made in small batches, using premium ingredients and recipes that have been developed over decades. We like to say that HOMEGROWN POPCORN is "Made by People-Not Machines". Like Mom, the goal is to serve great food- every time.

The ownership team at AMERICAN CLASSIC has spent our entire life working in the Food business. We understand our customers' appreciation and expectation for what we call, "The Finest Popcorn in America!"

We are proud to employ folks from our local community, including those with Special Needs, and look forward to providing secure, meaningful, jobs in a friendly workplace for many years to come.

### Taste the Difference in HOMEGROWN POPCORN
