

SeedL PreJoiner

Engage your new joiners, as soon as they accept your offer.

NOT TO BE DISTRIBUTED WITHOUT PRIOR WRITTEN CONSENT

A branded Pre-Joiner platform to welcome and engage your new hires, before their start date.

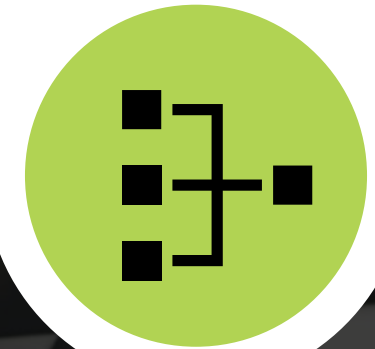

Secure solution to engage and educate new joiners

Save time with new joiners, allowing them to complete videos / reading of material / e-Learning or whatever you need them to complete, safely in a ringfenced solution. Monitor compliance and usage before they start, reducing first day formality burdens.

Keep new hires 'warm' whilst on their notice period from their previous role

Whether you want to add welcome videos from your CEO, ideas of what their first day will be like, and access to SeedL courses you wish them to enjoy, give a new hire the **wow factor** keeping them excited about their start date.

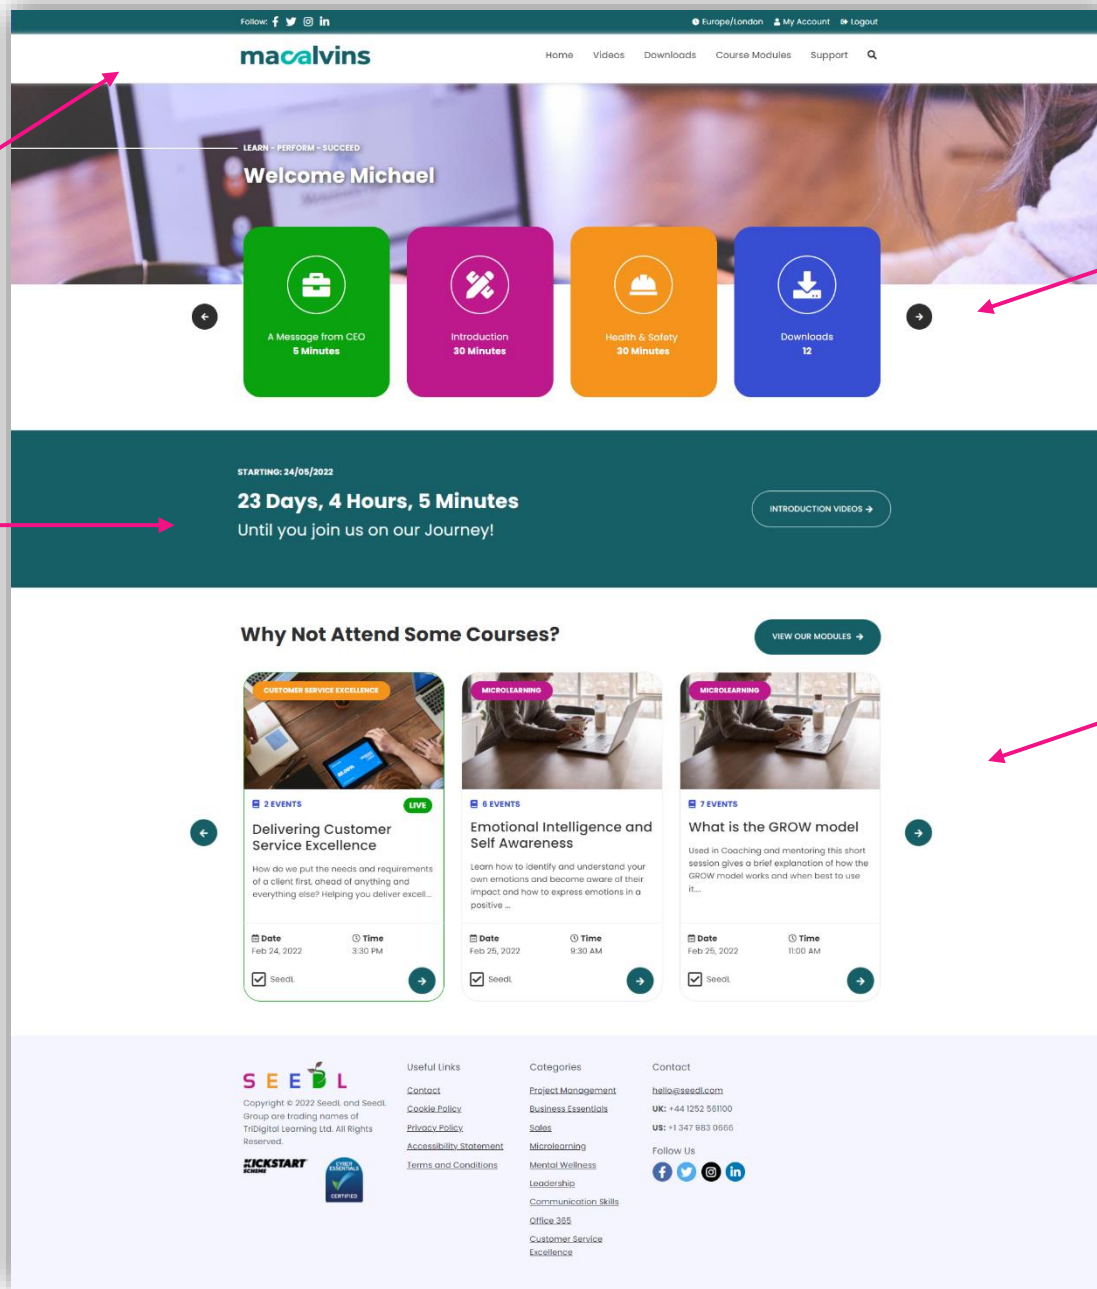

Integration to HR Solutions & SeedL

Once the new hire starts in role, you can move the (now) new employee over to your SeedL enterprise, and also retain an audit of what they completed pre-joining. Don't have SeedL Enterprise? No problem you can export data via CSV files and export completion certificates for your records.

Solution branded in your own corporate colours.

Countdown to the new joiners first day.

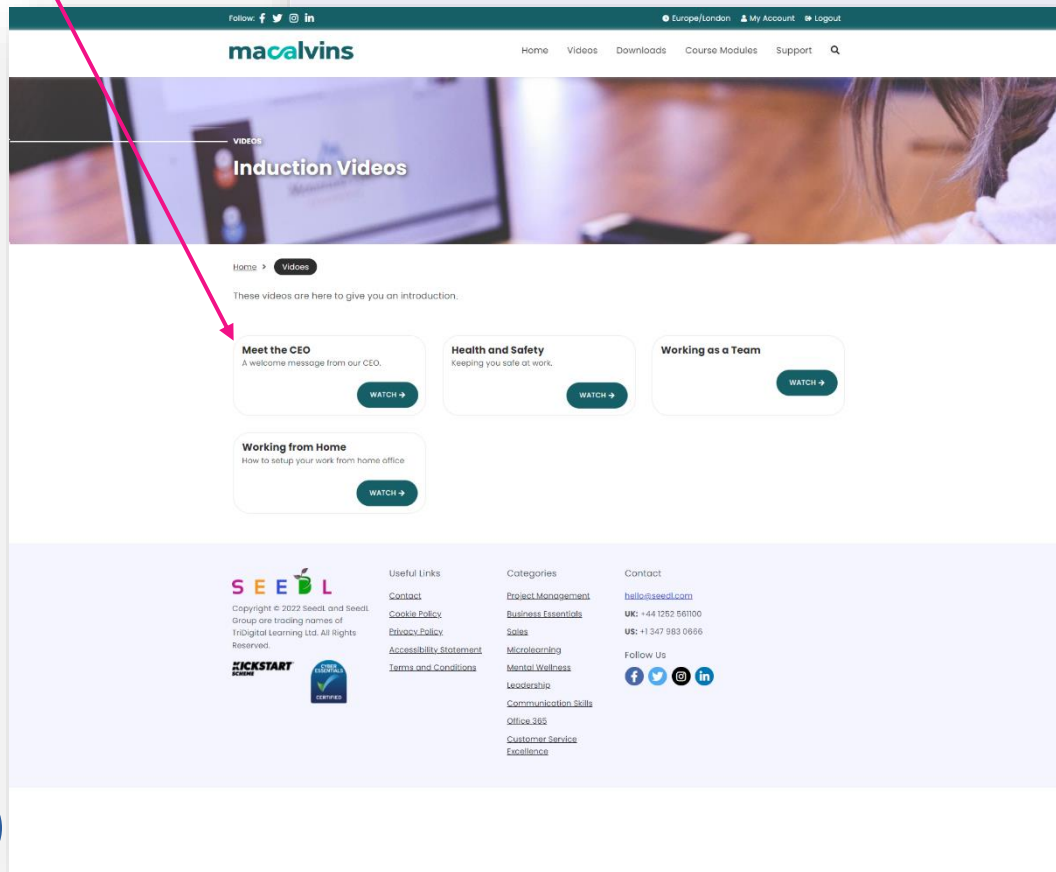

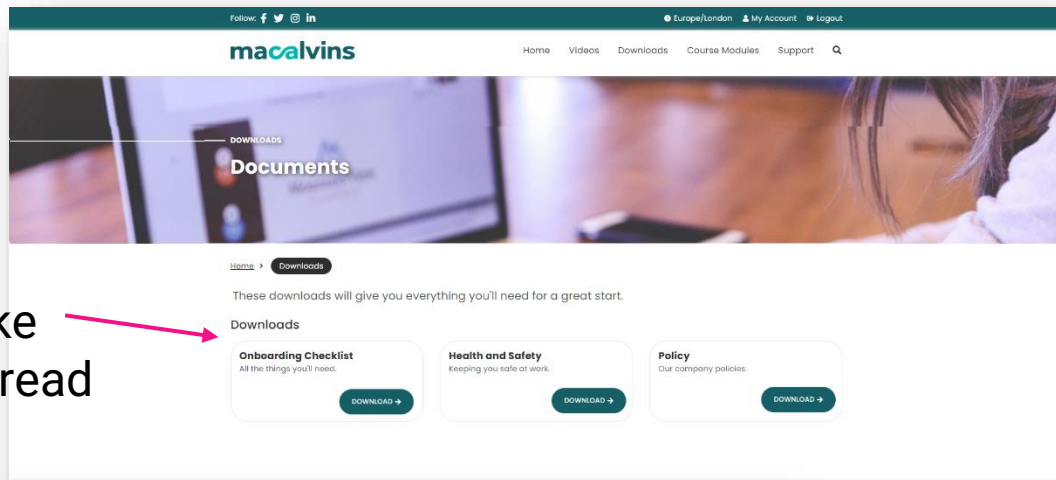

Customisable navigation to sections you want the pre-joiner to access.

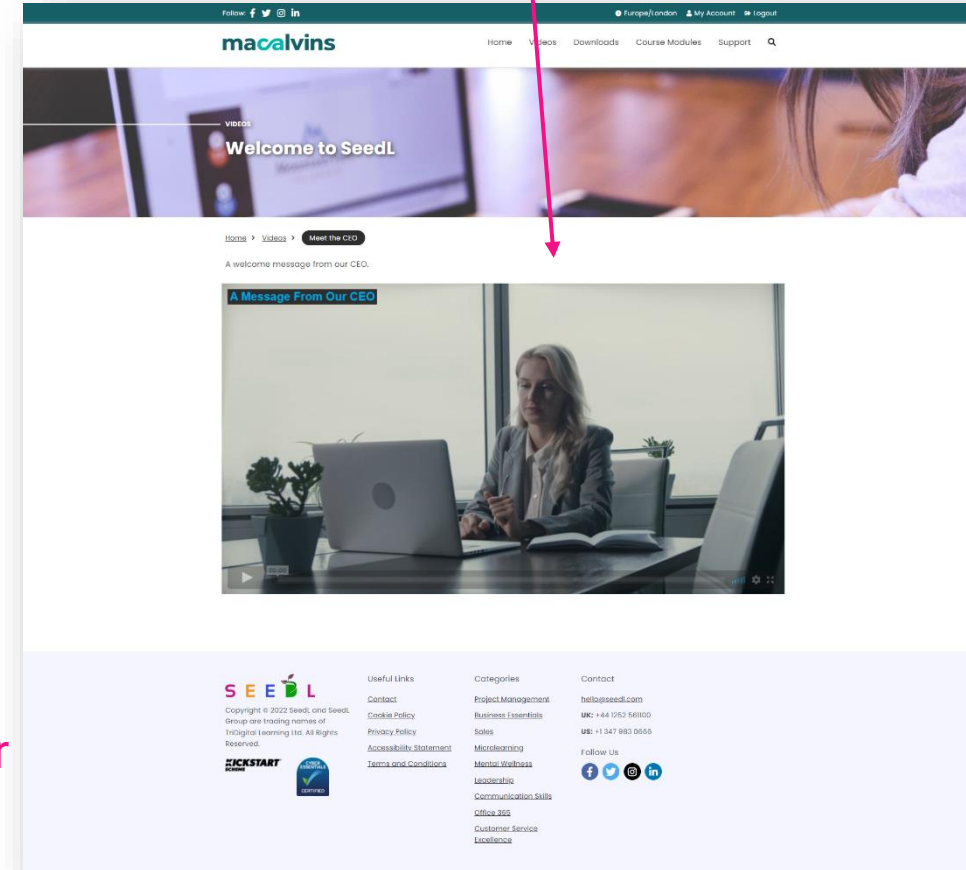

You can select which SeedL courses you want your pre-joiner to access, including compliance (GDPR, AML)

Add generic documents & videos you'd like new joiners to read in advance.

Add a welcome video from your leadership

You can add your own e-Learning too!

SeedL PreJoiner – Set up

We work with you to build out your PreJoiner solution. Curating policy documents you'd like your new joiners to complete, pre-first day, we can even assist with producing a CEO welcome video. We also can make suggestions of which SeedL courses you'd like them to have access to in advance. Got e-Learning you want them to complete? No problem!

SeedL PreJoiner – Post Go Live

Via your dashboard, every time you want to add a new pre-joiner, simply activate a new account by adding their personal email address, first and lastname and their start date. The new hire will receive an activation email – and that's it – they are in!

Pricing

There's a simple annual fee, which includes a number of licences, then you top up as you go. Please contact our SeedL team for latest pricing.
