CONFIDENTLY COMFORTABLE

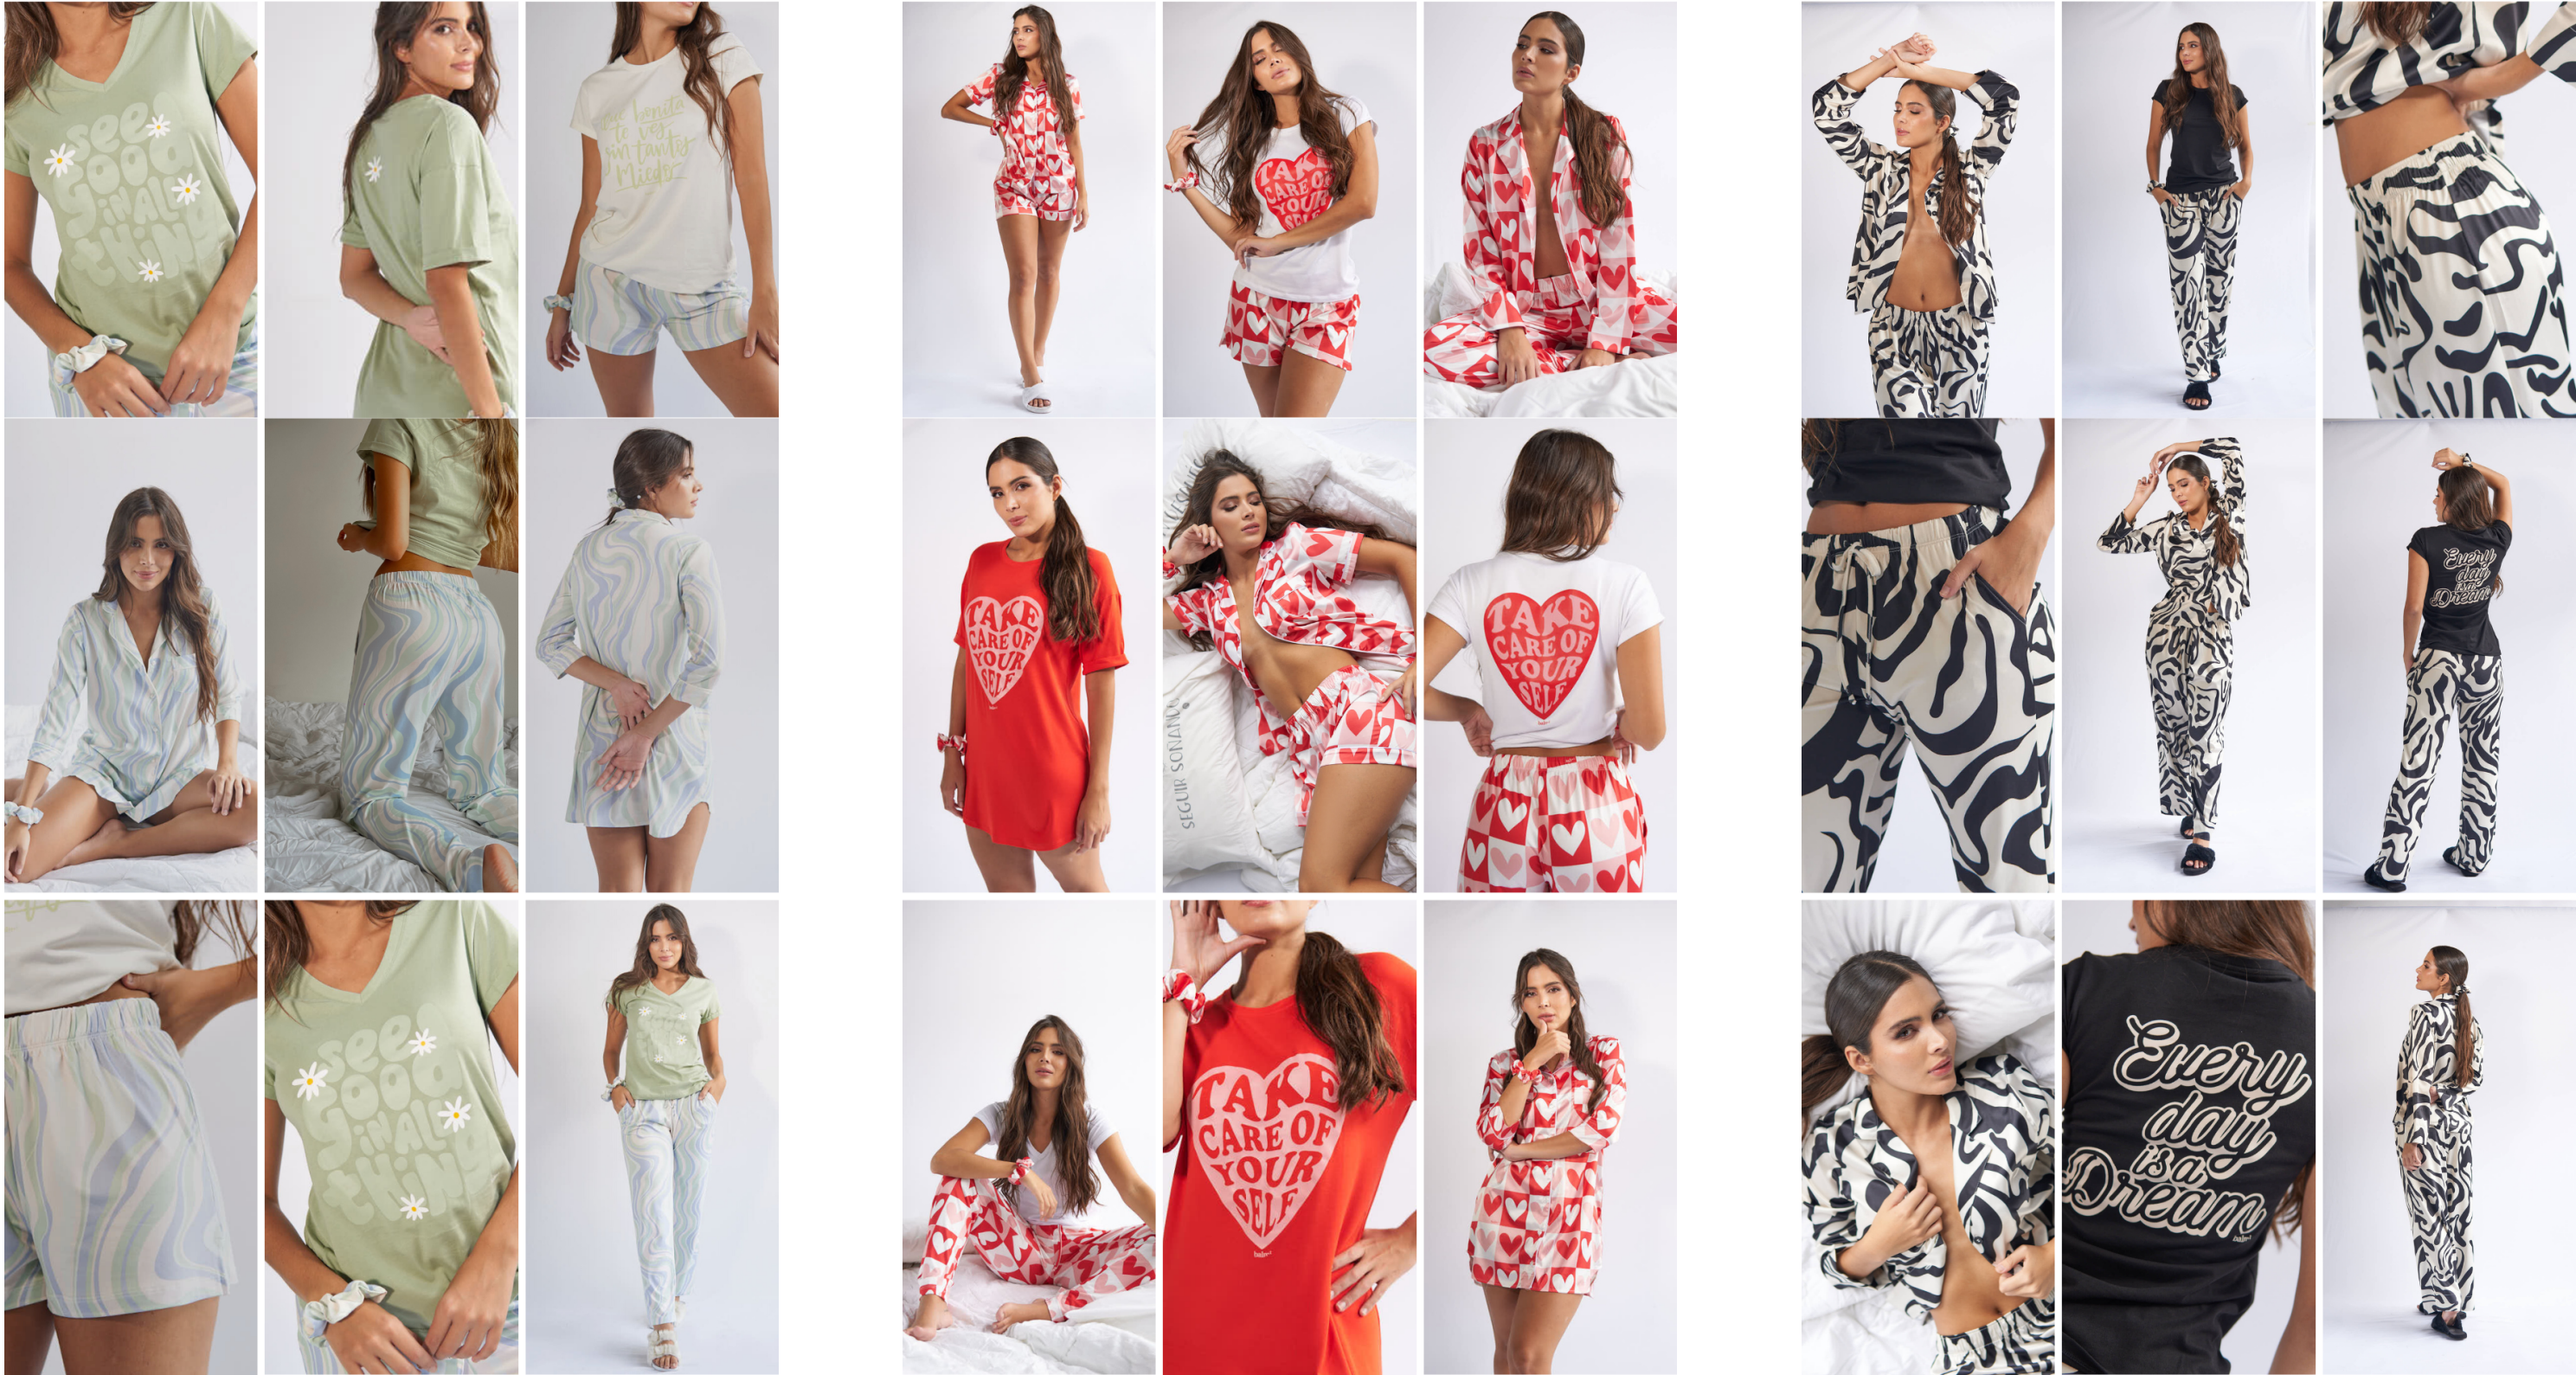

Balmi was born as a need a day I was at home and I saw myself in the mirror, what I saw was a woman with no self-love. I started to look out there for pretty pajamas and comfy clothes to be at home or to sleep. Nevertheless, when I found something pretty it wasn't comfortable. And that's what balmi is. Effortless comfort and beauty y one piece.

We believe a woman who feel comfortable and has a good rest is a happy woman.

We design, produce and commercialize all of our products. Our prints are exclusive we design them.
