### Overview Clauses:

- 1) A Puppy is defined herein to be a pure-bred Standard Poodle embodying all the characteristics of the Standard Poodle breed. The Breeder states that this puppy has received the appropriate vaccinations and worming on a schedule appropriate to the pup's age. The Breeder will provide the Purchaser with a Veterinarian's Health Certificate attesting to the puppy's good health and its immunization record of shots up to date according puppies' age. Once you take possession of your puppy, it is the Purchaser's responsibility to make sure you keep your puppy safe from unwanted sickness by quarantine of your puppy until the age of 4 months or until your vet has completely given all shots. The Vet will let you know when your puppy is fully immunized. Parvo and other sicknesses are still dangerous to your puppy after leaving the breeders home (depending upon age) due to not having all preventive shots. After leaving with your puppy, the puppies' immune system can still catch Parvo if exposed to an area where a dog has had the disease. The breeder is not responsible for your puppy or puppies getting sick after you take possession and will not pay for any Veterinarian bills.
- 2) This Contract and conditions are made between the Purchaser (Buyer) and Breeder (Seller) and are not transferable. Should the Buyer wish to relinquish possession of this animal, the Breeder is to be a full partner in the decision about who shall have the dog OR notified so arrangements can be made to return the dog to the Breeder. The Buyer agrees that the Breeder shall have right of first refusal if this dog is to be re-

homed.

- 3) The Breeder does not assume liability for any injury to the Puppy after the Purchaser has taken possession. Shipping/transport concerns are the responsibility of the Purchaser, once the Breeder has delivered dog/pup to the transport company on the Purchasers behalf, following the Purchaser's instructions.
- 4) The Purchaser is encouraged to take the pup to a Veterinarian of their choosing within 72 hours for a 'healthy puppy check-up'. This checkup is at the Purchasers expense. If the puppy is found to be seriously ill, (excluding Parvo) as attested to and fully described in writing by the Purchasers Veterinarian, then Pup will be returned to the Breeder immediately, and the full purchase price will be refunded.
- 5) The Purchaser agrees to maintain the Puppy's health in good condition by providing all ongoing inoculations, worming(s), general care, exercise, grooming, safe containment, quality food, and warm indoor shelter as necessary to assure continued good health and long life.
- 6) To the best of Breeder's knowledge, said puppy/dog is in healthy and sound condition at the time of sale. Purchaser has a 72 hour from the time of delivery/pickup overall health guarantee. Purchaser is required to give, or have a licensed veterinarian, administer the remaining puppy vaccines to said puppy, parvo and distemper vaccines must be given on dates of health record, following first vaccines given by Breeder. If Purchaser fails to continue vaccines as stated above, the parties agree that any guarantee(s) will be considered null and void. All puppies/dogs are sold as PET QUALITY only, this does not mean they are, or are not show/breed quality, and will be spayed/neutered unless sold with Full AKC Registration. Health guarantee does not cover any parasite, internal or external, as this is a treatable condition. Only untreatable genetic diseases or defects that are testable with DNA analysis will be considered. Autoimmune diseases and Addison's disease are not covered as this condition can occur from environmental influence. Each case is dealt with individually. Any money placed on a puppy is non-refundable and non-transferable for any reason, unless otherwise stated, in this contract. We would like to have each puppy we place to stay in their original purchasing home. Should you be unable to fulfill this contract by the above agreed date, you agree to contact Adventure Abounds Standards, in writing, phone, or email and let us know BEFORE the puppy has been placed into a new home. We require a right of first return or reclamation, that the puppy be returned to us if you cannot keep him or her. You are not free to give the puppy away to another family member or anyone without receiving permission from us first. This contract is still your responsibility to enforce in the puppy's new home, should we not receive confirmation of the puppy's spaying/neutering by two years from the above listed date, as the original purchaser, YOU will then be liable for the fines for breaching the contract. Adventure Abounds Standards will accept veterinary proof of vasectomy for males or tubal ligation for females as much research (peer reviewed, scholarly research or med journal articles) is being reported that early spay/neuter can affect long-term health of a pet companion. If the Purchaser is interested in reading any of this research, the Breeder is happy to share.
- 7) If for any reason, the Purchaser is no longer able to care for the puppy; we will take the puppy back (if we have room) at no charge. There will be no refund.
- 8) Once a puppy leaves Adventure Abounds Standards, we are no longer responsible for these puppies. Each puppy is given age-appropriate vaccines before leaving Breeder's home. Should your puppy become ill after it leaves Adventure Abounds Standards, and your veterinarian determines that the illness came from Adventure Abounds Standards, we will require that you pay for our vet for a second opinion before we take the puppy back, and we will refund your monies all but the non-refundable deposit. We will not pay your vet bills. We recommend that your puppy is not exposed to other animals, other people, walked in parks, or rest areas until it has had all of its vaccines.
