

# Training for professionals

## Level 1 & 2 Certified SIX BRICKS Training programme

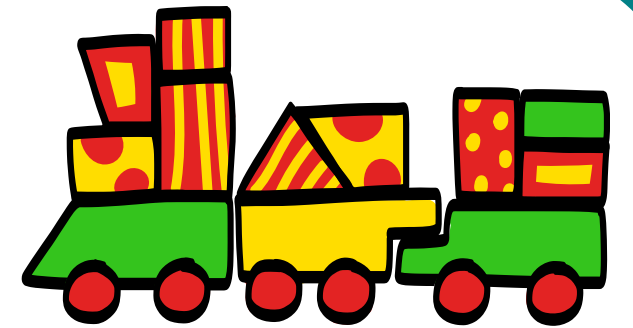

SIX BRICKS is one of the LEGO® Foundation's tools designed through the use of LEGO® DUPLO® bricks. SIX BRICKS are based on hundreds of short activities, simple exercises, and learning through play to stimulate the brain and get the young person moving, thinking, and remembering. You will receive teacher-guided activities and templates which help develop physical, cognitive, social and emotional skills.

4 hours in total (2 hours for Level 1 & 2 hours for Level 2)

## Level 1 & 2 Certified Play Box Training programme

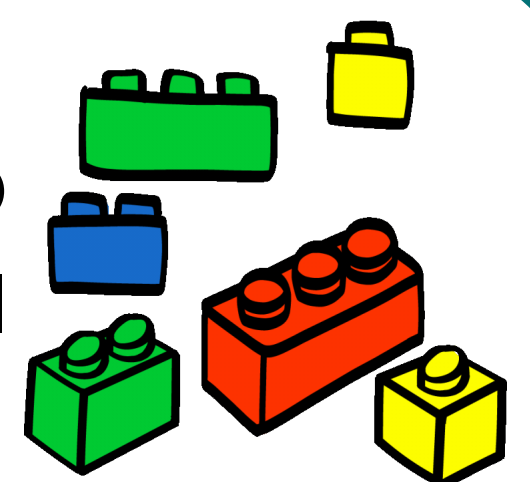

Play Box uses a variety of DUPLO® elements which are valuable as teaching and learning tools in any curriculum, from early childhood to adulthood. A Play Box provides opportunities for activities which promote skills development and learning through play. Skills addressed in the workshop: Perceptual, Cognitive, Physical & Motor, Social-Emotional, Language & Math; Creativity, Reading, Writing & Math readiness.

4 hours in total (2 hours for Level 1 & 2 hours for Level 2)

## LEGO Brick Club (formerly LEGO Therapy) Training

This is a social development program that uses LEGO® activities to support the development of a wide range of social skills within a group setting. The training is designed for professionals using a methodology to support social interaction through collaborative play. You will learn how to incorporate a child-led approach learning the importance of the different roles (Engineer, Supplier and Builder) and how to facilitate groups to establish an assessment of need to evaluate progress.
