

**STORAGE  
CENTRE**

## Our Services

**Complete Solutions**

The BTS Storage Centre works mainly within the warehouse, storage & distribution sectors, we are a SEMA Approved Company and provide staff with valid SEIRS training.

Working to specific SEMA codes of practice and in line with HSG76 (Warehousing & Storage HSE Guide to Health Safety) we specialise in racking, shelving, mezzanine floors and all other storage equipment and associated products.

We also offer an extensive range of services that cover products such as edge protection, barriers, speed bumps, impact protection and mirrors as well as flood defence systems.
