

# IP/ACC Associate Staff Therapist (Part Time)

## Infinite Possibilities/Affordable Counseling Center

### About Us

At **Infinite Possibilities (IP)/Affordable Counseling Center (ACC)** we are all about the family. Our focus is on supporting families in addressing all their mental health needs. We aim to provide “Whole Family Therapy” which includes couples and individual therapy for adults as well as individual and guardian involved services for children or adolescents in the family. We can also work across generations, with extended family members, or chosen family and friends in order to help everyone communicate better and cultivate healthy relationships. This “Whole Family Therapy” approach brings together the entire family for therapy to address issues that can cause anxiety, depression, and disconnection.

Our primary goal is to help families and individuals actualize their best lives within their important relationships.

In addition to providing therapy services to families and individuals, we provide clinical training to master’s level therapists to help them grow their skills in working with all parts of a family through internship and supervision, as well as supervisory training for licensed therapists to become Washington State and/or AAMFT Approved Supervisors. We also help licensed associate therapists start or grow their own private practice.
