NDIS Quality and Safeguards Commission

Why we need a Commission

The NDIS is changing the way people with disability in Australia get support.

We need to help:

- NDIS participants receive good quality services

- keep NDIS participants safe.

No matter where you live, you should be able to expect to receive good quality services and be safe.

NDIS Quality and Safeguarding Framework

The *NDIS Quality and Safeguarding Framework* will make sure that the rules are the same for all providers.
