To Whom It May Concern:

Re: Seasonal maintenance works and land surveys at Trentham Fields.

We would like to inform you that over the coming weeks there will be some seasonal vegetation maintenance works across the Trentham Fields development. This will shortly be followed by land survey activities which will involve the excavation of inspection trial holes using excavators. We would like to ensure you that the works are permitted under the planning conditions set out by Stoke on Trent City Council. The works will take place during typical working hours, and we would like to assure you that appropriate measures will be in place to minimise disturbance to the environment and the local area.

Yours sincerely
Oak-NGate (Stoke) Limited
