## Money Mike & The Gang™

Fun activities and coloring pages  
designed to accompany  
the Money Is Easy book.

In this new addition to the series, Money Mike, along with his witty Gang of friends Giving Grace, Saving Sam, and the bad guy The Loan Shark, will engage with kids on activities like Coloring Pages, Dot to Dot, Match the Shadow, Maze Game, Crossword Puzzle, and Word Search presenting important financial vocabulary outlined and mentioned in the book.

The Money Mike & The Gang™ series of books teaches kids and families how to make money grow like the leaves on Money Mike's tree by revealing positive Biblical money management values of how to tithe, save, invest, give, and stay out of debt.

### MONEY IS EASY

is a Christian-based illustrated children's rhyming book with a message of hope to break the misconception that money is difficult, lose the cycle of debt, and break a poverty mentality - that starts early in childhood development.
