TUTORIAL GUIDE ON HOW TO CHANGE USER SETTINGS OF YOUR
IRRIGATION SYSTEM

1. ACCESSING THE FAVOURITES FOLDER
2. CHANGING THE SETTINGS AND SAVING
3. GETTING BACK TO MULTIMONITOR

Starting from **Multimonitor**

Press the **Back/reset** button

This will take you to the **Monitor** folder with **Multimonitor** highlighted

Press **Back/Reset**

This will take you to the **Main Menu** folder with **Monitor** highlighted

Press **up arrow**

This will take you to the **Main Menu** folder with **Quick Setup** highlighted

Press **up arrow**

This will take you to the **Main Menu** folder with **User Levels** highlighted

Press **up arrow**

This will take you to the **Main Menu** folder with **Favourites** highlighted

Press **ok** button to enter the **Favourites** folder

You are now in the **Favourites** folder

During commissioning of your system any setting you may need to change will be added to this folder by our on-site engineer

Use the **up or down arrow** to highlight the setting you wish to change

For this example, we will change the pressure that your system will maintain, **Keypad SP1**

With **Keypad SP1** highlighted
Press **ok** button

This will take you to the **Keypad SP1** folder with **Edit** highlighted

Press **ok** button to change the pressure setting

This will take you to the **Keypad SP1** folder with the currently set pressure flashing

Press **left or right arrows** to move the cursor left or right

Press the **up or down arrows** to change the pressure

Once you are happy with your new setting

Press ok button to save

The new pressure setting will now stop flashing

Press **Back/Reset**

This will take you to the **Favourites** folder with **Keypad SP 1** highlighted

Press **Back/Reset**

This will take you to the **Main Menu** folder with **Favourites** highlighted

Press **down arrow**

This will take you to the **Main Menu** folder with **User Levels** highlighted

Press **down arrow**

This will take you to the **Main Menu** folder with **Quick Setup** highlighted

Press **down arrow**

This will take you to the **Main Menu** folder with **Monitor** highlighted

Press **ok** button

This will take you to the **Monitor** folder with **Multimonitor** highlighted

Press **ok** button

You are now back to the start and the new pressure is set

The background is a light blue gradient with several realistic water droplets of various sizes scattered across it. The droplets have highlights and shadows, giving them a three-dimensional appearance. The text is centered in the middle of the frame.
