

# WIFI UPGRADE NOW

**Upgrade  
Only  
Kit Available For  
Compatible  
Openers**

If your remote looks like one of these pictured below, then you can SAVE on upgrading your garage door opener to a fully functional smart phone kit with camera!

## CONTACTLESS DELIVERIES TO YOUR HOME

**BUILT TO LAST . MADE TO PERFORM**

\* Upgrade kit is compatible with existing brands Centurion, Avanti & Stoddart, models SDO4 only.

**Replace  
your existing  
Euro 1250W Opener with  
Smart Phone Kit  
and Camera**

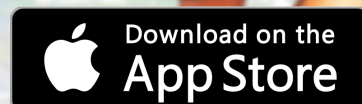

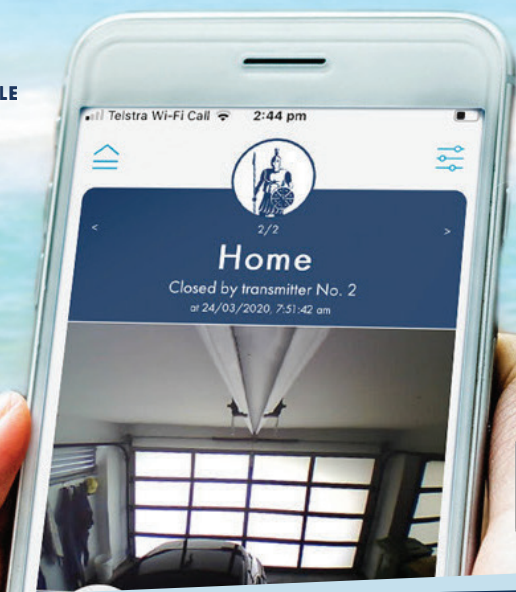

## MY CG DOOR SMARTPHONE APP

- Operate your garage from anywhere via your Smartphone and the MY CGD App.
- Allow contactless access to your garage for parcel & goods delivery, trade access, etc.
- Give temporary access to any other visitors, then revoke the permissions when they're done. You don't even have to be home!
- No more worrying about losing a remote. Lost or stolen remotes can be deactivated with just the swipe of a button on your Centurion App.
- Receive notifications about your garage door status, including real-time activity log and the ability to customise individual user settings.
- Receive alerts and notifications about your garage door so that you know your home is always secure.
- Track the health of your garage door so you will know when it is next due for a service.

WIFI COMPATIBLE
