

Civil Consulting Group usually provides construction administration and inspections for our in-house projects, but we can also provide these services for projects designed by other firms.

Allegheny County Wastewater Construction Inspection Services

Civil Consulting Group provided approximately 1,000 hours of construction inspection services in Allegheny County for two new sanitary sewer lift stations at Mallow and Cherokee, plus upgrades at the Low Moor wastewater treatment plant.

Old Orchard Marketplace – Sanitary Sewer Construction Inspection Services, Daleville, VA

Civil Consulting Group provided two weeks of nighttime construction inspections for a sanitary sewer extension to serve a new shopping center.
