NRF2

DUAL SYNERGIZER™

AGE IS MORE THAN A STATE OF MIND

Protandim Nrf2 & NRF1 Synergizers use ingredients to reduce oxidative stress and increase health at the cellular level.

PROTANDIM—HEALTH THROUGH NUTRIGENOMICS

LifeVantage uses nutrition to improve gene expression for a happier, healthier life. It's called nutrigenomics, and it's changing everything.

TURN BACK THE CELLULAR CLOCK

Our vision for reversing the effects of aging was simple: combat oxidative stress at the cellular level. Stronger, healthier cells for a healthier life. And our Protandim Nrf2 Synergizer delivered. In fact, it's the only supplement proven in a clinical study to reduce oxidative stress in humans by an average of 40 percent in 30 days.

TAKE THE POWER BACK

Staying at the top of your game means giving your body the fuel it needs to stay alert, focused, working at peak performance. NRF1 is the spark plug your

daily health deserves—in a scientifically-engineered formula designed to activate the NRF1 pathway, so no matter what happens today, nothing will get in your way.

SAY GOODBYE TO BRAIN DRAIN.

With Protandim NRF1 Synergizer, mental fatigue is an afterthought. So no matter what you're thinking about—human destiny, that 4 pm meeting, or Lucky Charms vs Cinnamon Toast Crunch (easy decision in our opinion)—NRF1 Synergizer can help you stay focused on what's important. Protandim NRF1 Synergizer is scientifically formulated to give your brain and your cells the support they need, so no matter what you're doing, you can do it better.

PROTANDIM NRF2 SYNERGIZER

AGING'S SECRET UNLOCKED

By waking up your body's ability to produce antioxidants with potent botanicals, Protandim Nrf2 Synergizer. And it's the only supplement proven in a clinical study to reduce oxidative stress in humans by an average of 40 percent in 30 days.

PROTANDIM NRF2 SYNERGIZER CAN HELP YOUR BODY:

- Increase production of antioxidant enzymes Superoxide Dismutase and Catalase*
- Maintain good health through antioxidant defense
- Produce antioxidants that help fight free radicals.

PROTANDIM NRF1 SYNERGIZER

A BRAND NEW WAY TO POWER YOUR CELLS

Using nutrigenomics, our research shows that keeping your mitochondria functioning at peak performance. Protandim NRF1 activates that pathway, kick-starting your body's natural mitochondrial production.

PROTANDIM NRF1 SYNERGIZER IS DESIGNED TO:

- Temporary relieve symptoms of stress
- Support cognitive function and reduce mental fatigue
- Maintain good health through antioxidant defense
- Maintain good health through antioxidant defense
- Help fight against the cell damage caused by free radicals
