# Canada West Boots

Proudly Made in Canada Since 1978

# ❖ 2020 Catalogue ❖

## Dear Canada West Customers

We are proud to introduce our 2020 product line.

This year's collection features 40 new styles and 7 new leather colours covering all categories. New features of note are the new 805 E width Almond last shape (styles 2837, 2828 and 2839), new Climber style 34432 that features a toe cap for extended durability, and the return of genuine full quill ostrich boots to our Men's Roper category.

Canada West Shoe continues to work very hard to source the best quality materials to build our products. Leathers like the loggertan used in our work boots, genuine shrunken bullhides and Bison leathers in our ropers and western boots are exclusively of North American origin.

On behalf of the over 50 employees and staff here at Canada West Shoe, thank you for putting your trust in our products and for supporting Canadian manufacturing.

Sincerely,  
Graham Moorby

## Men's and Ladies' BRAHMA® Comfort Insoles

Canada West Boot Jack

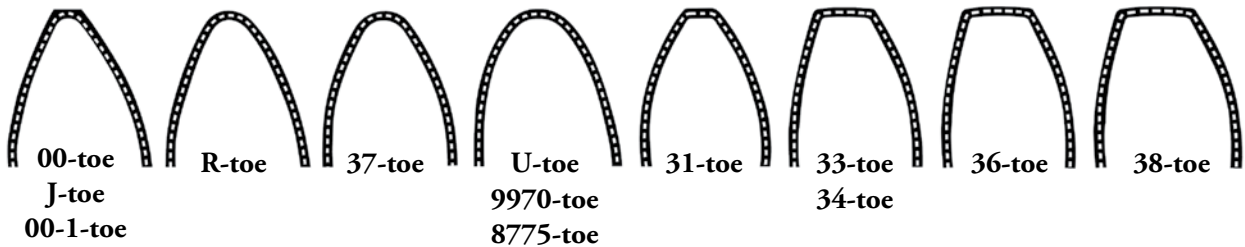

Brahma Boot Jack

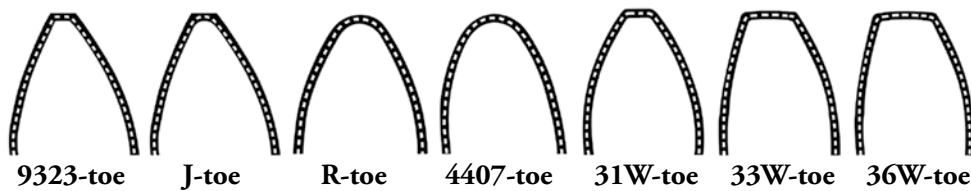

Brahma Comfort Insoles are made from 100% full memory Polyurethane foam and finished with a Brushed Poly top layer. The Polyurethane foam absorbs impact, and the Brushed Poly wicks moisture away from your feet. Together they make your feet feel better.

## Customer Return Policy

- 1) Full credit will be issued on all defective merchandise if the boots are new or have been worn a very short period of time.
  - 2) If boots are well worn, they may be repaired or a credit allowance given proportionate to wear remaining.
  - 3) Mismates must be reported within 30 days of receipt of goods in order to obtain credit.
  - 4) The return of any unused footwear must first be authorized in writing by the Customer Service Department.
- There will be a 10% restocking fee. Return shipments must be prepaid.
